Decodable Texts: Silent E (A-E)

"This nonfiction story teaches about snakes that live near lakes. Look for a-e words like 'snake' and 'bake' as you learn!"

Snakes of the Lake

Did you know snakes can live near a lake?

Some snakes hide in a cave or under a big rock.

They come out when the sun is high to bake in the heat.

Snakes use their nose to find food.

They do not have legs, but they can glide fast!

A snake can even dive in the lake to get a fish.

Snakes are quiet and safe if you leave them alone.

snake lake bake cave nose
