WESTERN PACIFIC SOLUTIONS LIMITED

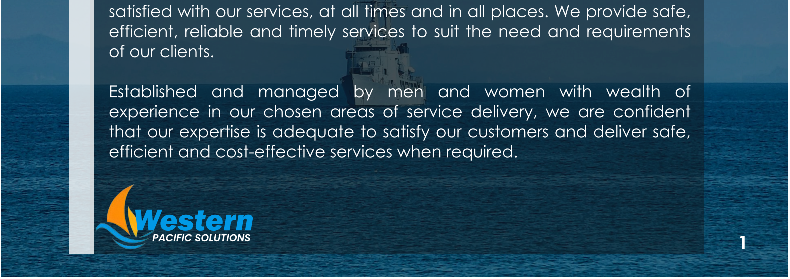
SUCCESS DRIVEN

COMPANY PROFILE

Established in 2018 with a burning desire to meet the growing demand for quality service delivery in the maritime and Oil & Gas sectors, Western Pacific Solutions Limited has grown to be a major marine support service company in Nigeria and other West African countries.

Within its few years of existence, Western Pacific has proven to be the leading and fastest growing company dealing majorly in Marine Support Services, Oil and Gas, Construction, Waste Management Services and Engineering Designs.

Our time and cost-effective approach to demands has earned us commendations and recommendations from our clients who are



satisfied with our services, at all times and in all places. We provide safe, efficient, reliable and timely services to suit the need and requirements of our clients.

Established and managed by men and women with wealth of experience in our chosen areas of service delivery, we are confident that our expertise is adequate to satisfy our customers and deliver safe, efficient and cost-effective services when required.
