

CONSTRUCTION MANTRA PVT. LTD.

OUR SISTER FIRM -

N'KSHA
ENGINEERING SOLUTIONS
(ARCHITECTURE & DOMESTIC CONSTRUCTION)

About Us – From Director's Desk...

Ankita Pandey
Director (Founder/CEO)
Construction Mantra Pvt. Ltd.

Prashant Kumar Shukla
Director (MD)
Construction Mantra Pvt. Ltd.
Nakshaa Engineering Solutions

At Construction Mantra Pvt. Ltd., excellence is not just a goal – it is our way of life. What began as a vision to offer comprehensive engineering consultancy services has today grown into a dynamic force within the industry. Over the years, we have expanded across multiple engineering disciplines, consistently delivering projects that challenge the norm and set new benchmarks in quality and innovation.

From day one, we have embraced challenges as opportunities. As the Management Director, I firmly believe that this forward-thinking mindset is the cornerstone of our success. Our dedicated team thrives on solving complex problems, pushing the boundaries of engineering, and delivering beyond expectations. This unwavering commitment has earned us globally recognized certifications such as ISO 9001:2015 for Quality Management and ISO 27001:2013 for Information Security – a testament to our quality-first approach and secure project execution.

As part of our continued growth, we are proud to introduce our sister firm, Nakshaa – a creative powerhouse focused on architectural design, planning, and engineering consultancy. While Construction Mantra Pvt. Ltd. leads the charge in delivering end-to-end construction solutions, Nakshaa complements our vision by offering smart, sustainable, and aesthetic design services. Together, we form a cohesive ecosystem that ensures holistic project delivery – from concept to completion.

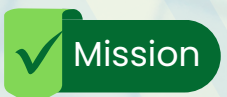

With this integrated approach, I am confident that Construction Mantra Pvt. Ltd., alongside sister firm Nakshaa, will emerge as a leading name in engineering and construction, both within India and globally. We remain committed to delivering excellence, driving innovation, and creating lasting value for our clients.

At Construction Mantra Pvt. Ltd., we aspire to explore, engineer, and deliver – every single day.

Vision

To be a globally recognized leader in engineering consulting, known for excellence, innovation, and reliability. We strive to deliver high-quality solutions that drive progress and sustainability in the industry.

Mission

To be the preferred choice for customers by delivering excellence in quality, timely completion, and value-driven engineering solutions

Our Services

We are committed to delivering top-quality services, ensuring client satisfaction remains our top priority. By leveraging our expertise across various engineering disciplines, we provide tailored solutions that add exceptional value.

Our diverse range of services includes:

- Engineering Drawing & Design
- Surveying & Quantity Surveying
- Project Management & Consultancy
- Construction Material Testing
- Township Planning & Infrastructure Development
- Structural Audits & Civil Engineering
- DPR & Value Engineering

We have a specialized Project Management Team dedicated to comprehensive planning, coordination, and monitoring. This ensures smooth project execution, timely delivery, and adherence to budget and quality standards. Our team also addresses challenges related to design feasibility, inventory, quality control, safety, and contractor coordination to streamline project success.

Land Survey

Topographical Survey, Contour Survey, Route Survey, Drone Aerial Survey, DGPS Survey, Leveling Survey

Building Inspection

Structural Inspection, Construction Quality Check, Safety Compliance, Old Buildings Inspection, Home Buyers Inspection

Drawing Designing

2D/3D Architectural, Structural, Engineering, MEP, HVAC Drawing, Outsource CAD Drafting, CAD Conversion, Modifications and Digitalization Services.

TURNKEY CIVIL CONTRACTOR

- Hiring Contractors – Selection, agreements.
- Materials & Techniques – Quality, sustainability, innovations.
- Commercial Planning, site prep, foundation, structure, roofing, flooring, plumbing, electrical, finishing.

DPR & Project Management Consultancy

Our team of experts provides strategic guidance in determining cost limits and budgets. We specialize in preparing Detailed Project Reports (DPR), Measurement Books (MBs), and Bills of Quantities (BOQ), along with precise cost estimations for various engineering projects.

Our Testing Services

Soil Test / SPT / Geotech.

SBC Safe Bearing Capacity /SPT /Geo Technical Investigation for foundation recommendation, Soil Core Cutting, Sand Replacement Test for Finding out the % of Compaction, Thermal Resistivity Test on Soil Properties

Concrete Test

Concrete Design Mix for all Grade of Concrete, Paver Blocks, Solid Blocks, Cement Test / Fly ash Testing / Mineral / Admix

Load Test

Plate Load Test (K Value), Pile Load Testing Services (Static & Dynamic) Earth Resistivity Test (ERT) for Power Plants, Solar Wind, Tunnel Project, Industrial Plants etc.

Structure Testing

Rebound Hammer Test for assessing the Comp. Strength of existing concrete structure, Ultrasonic Pulse Velocity Test for assessing the Strength of existing concrete structure.

Structural Audit (NDT)

NDT Test (Non Destructive Testing), RCPT test, Half cell potential test, Pullout Test /Uplift Load Test of Pile

water / Chemical Test

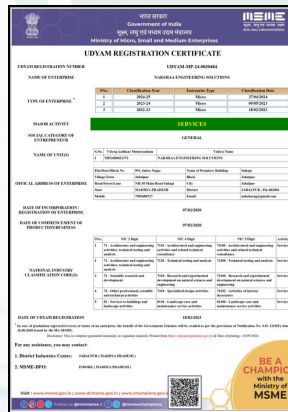

Construction water and Other water test, Chemical Admixture – for Uniformity Tests and Requirements

CALIBRATION & REPAIRING FACILITIES

- Auto Level, Total Station, Hydraulics Machines, CTM, UTM
- Thermal Measurements (Temperature Indicators oven, Thermometer etc.)
- Mechanical Dimension, Multi meters
- Flow Indicator, Pressure Gauge, Digital Force Indicator
- All Civil Material Testing Lab equipment's
