- Avoid ATMs inside malls, banks, or train stations — street-level or independent ATMs are safer.
- For 1500€ cards- Withdraw less than EUR 400 daily sometimes to mimic normal user behavior.
- Keep a simple log of how many days you've used each card.
- After the card is empty, cut it and put it in the trash.
- Never insert the card into payment terminals or use it online — ATM only.
- Don't use the same ATM more than 3 days in a row.
- If the ATM says "card error" try another ATM, if the error keeps on send a message to @anonclubadmin and we will send you another card.
