

MAWF Global Knowledge Exchange Program

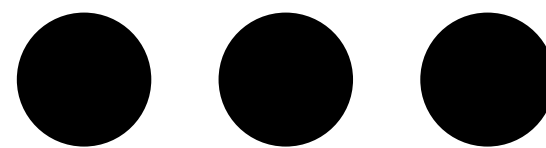

Our Mission

At M Aashiyana Welfare Foundation (MAWF), we are committed to democratizing global education by bridging the gap between ambition and opportunity. Our Global Knowledge Exchange Program, designed by resource persons from prestigious universities such as Harvard, Oxford, and Cambridge, provides students with access to world-class learning once beyond their reach. Aligned with the New Education Policy (NEP), this initiative focuses on fostering overall development through skill-driven instruction in technology, communication, leadership, innovation, and more. Beyond academics, it empowers learners with the global exposure and holistic growth needed to succeed in an interconnected world.

Our Vision

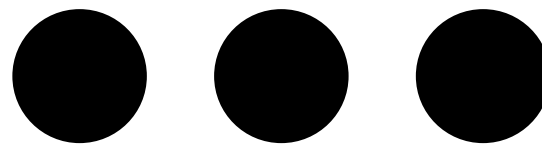

We envision a world where every student, regardless of background, has the opportunity to learn from the best minds and unlock their full potential. By 2030, we aim to impact 1 million students, creating a global network of skilled professionals who drive positive change. Our vision extends beyond education—we strive to build a community where knowledge transcends borders, fostering collaboration, creativity, and sustainable growth.

Collaboration and Connection

This program is more than just learning—it's about building lifelong connections. Students will engage in :

- **Global Peer Networks:** Collaborate with like-minded students from diverse cultures.
- **Industry Partnerships:** Gain exposure to internships and job opportunities.
- **Alumni Success Stories:** Join a thriving community of achievers who have transformed their careers through our program.

- Opportunity to witness the experience of an internship.

Why to Choose this Program?

- **Learn from the Best:** Program has been designed by the resource person from Havard, Cambridge, Oxford & many more.
- **Affordable Excellence:** Premium education at an unbeatable price.
- **Future-Ready Skills:** Master in-demand competencies like AI, leadership, entrepreneurship, Communication & etc.
- **Global Recognition:** Earn certifications that enhance your resume and career prospects.
- **Lifetime Access:** Continuous learning through updated resources and alumni benefits.

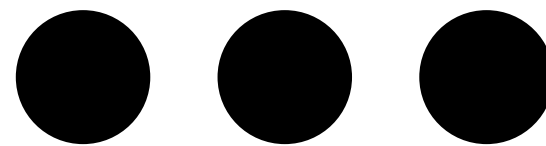

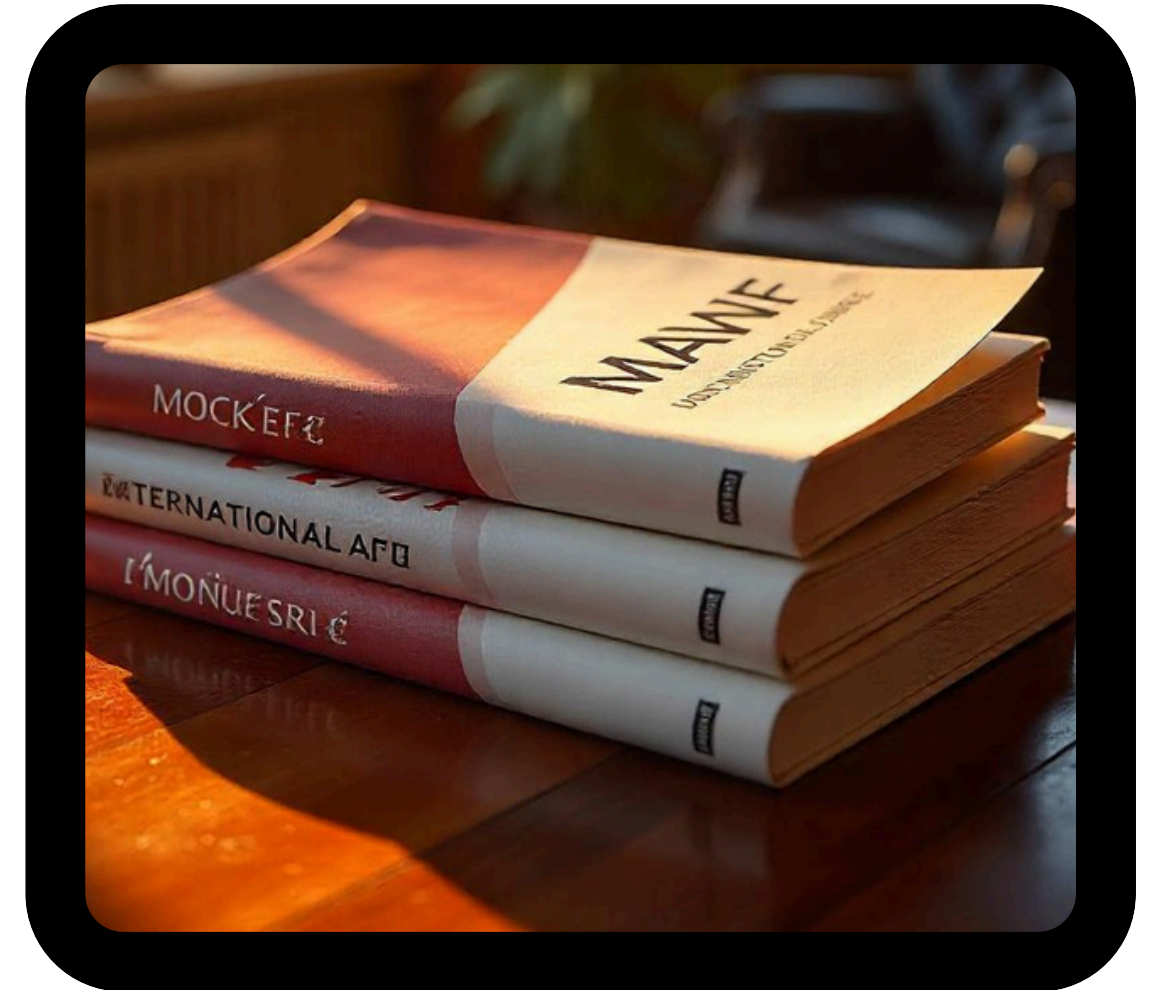

Educational Institution Partnership Benefits

- **Enhanced Curriculum Value** – Supplement university coursework with globally recognized certifications, giving students a competitive edge.
- **Faculty Development Opportunities** – Professors can collaborate with our global resource mentors and international educators, fostering academic growth.
- **Increased Student Employability** – Graduates gain industry-relevant skills, improving university placement statistics.
- **Affordable Upskilling** – Low-cost, high-impact learning reduces financial strain on students and institutions.
- **Global Academic Collaboration** – Universities gain access to an elite network for research partnerships and exchange programs.

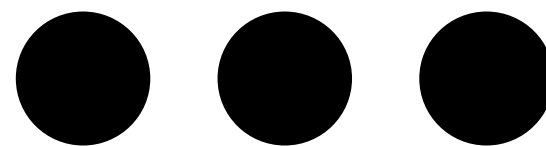

Research and Publication Opportunities

- Partnering with International scholars enables cross-cultural knowledge exchange.
- Enhances institutional credibility and opens doors to cutting-edge research methodologies.
- Guidance on manuscript development, peer-review process, and submission strategies.
- Boosts visibility and citation potential in high-impact international journals.
- Builds long-term academic relationships with global thought leaders.
- Facilitates mentorship opportunities for junior faculty and researchers too.

Benefits of this program

- Globally Recognized Certifications that complement academic degrees and boost student credentials.
- Institutional Growth & Collaboration through partnerships with International Institutions and leading global educators.
- Higher Success Rates of students driven by hands-on, industry-relevant training and career-ready skills.
- Cost-Effective Learning Model that ensures quality education is accessible and affordable.
- Elite Research Opportunities including joint projects with Global scholars and publication support.
- Exclusive Knowledge Exchange via international webinars and cross-border academic networking.

Eligibility Criteria For Schools

Institutional Profile

- Must be a recognized school (CBSE-affiliated or state board) with a minimum of 1,000 students on campus.
- Preference for schools with existing digital classrooms and ICT-enabled infrastructure.

Infrastructure Requirements

- Dedicated space of at least 1,000–1,500 sq. ft. for the lab setup.
- Reliable internet connectivity and power backup.

Academic Alignment

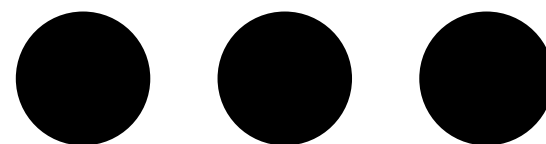

- Willingness to integrate social innovation and welfare themes into lab activities (e.g., gender equality, sustainability, digital literacy).
- Commitment to periodic training and workshops for staff and students.

Community Engagement

- Openness to host inter-school events, exhibitions, or awareness drives under the MAWF banner.
- Encourage student-led projects that align with Mission Aashiyana or other welfare initiatives.

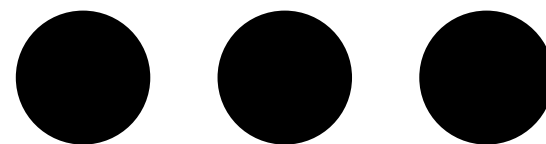

Monitoring & Reporting

- Schools must agree to submit quarterly reports on lab usage, student participation, and project outcomes.
- Participation in an annual impact assessment conducted by MAWF.

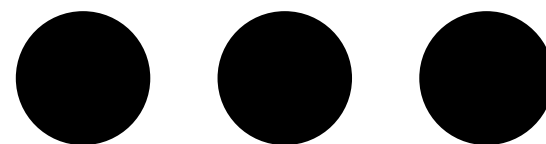

Who can participate ?

- **Minimum 1000 Enrolled Students** – Institutions with a strong student base ready for upskilling.
- **Strong Digital or On-Campus Infrastructure** – Ability to support hybrid learning (LMS access, smart classrooms, or computer labs).
- **Proven Academic Reputation** – Accredited universities, colleges, or educational alliances.
- **Active Career Development Cells** – Universities focused on employability and industry partnerships.
- **Government/Private Skill Development Initiatives** – Institutions aligned with national education goals (e.g., NEP 2020 in India).

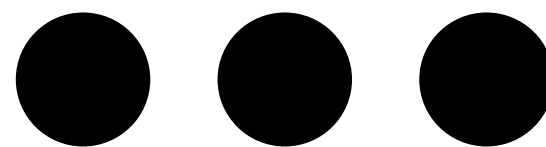

Dynamic Roles Students Can Play in the Program

- **Global Exposure & Learning** – Engage in sessions with Harvard and international faculty for a global academic edge.
- **Leadership & Outreach** – Represent MAWF as a Campus Ambassador and foster leadership through peer mentorship.
- **Content & Resource Enhancement** – Review content, gather feedback, and uplift learning quality for future learners.
- **Creative Storytelling** – Share your journey online to inspire others and build your personal brand.
- **Cultural Exchange & Innovation** – Promote cross-cultural dialogue and co-create new learning experiences.

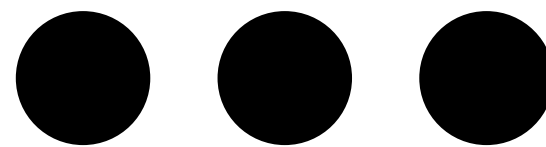

Accreditation & Recognition

- **Certification Endorsed by MAWF** – Participants will be awarded MAWF-issued certificates, globally recognized through collaborations with top-tier universities.
- **Credit Transfer Options** – Some courses may qualify for academic credits (subject to university approval).
- **Aligned with Global Education Standards** – Curriculum designed to meet international accreditation benchmarks.

Persuasive Pitch

- Students gain exposure to globally acclaimed teaching methods, research frameworks, and thought leadership—without the heavy price tag.
- Association with prestigious global universities elevates the institution's academic standing and credibility in national and international rankings.
- Infuses the academic ecosystem with diverse perspectives, case studies, and real-world applications aligned with global best practices.
- Globally recognized certifications and cross-border exposure give students a competitive edge in both domestic and international job markets.

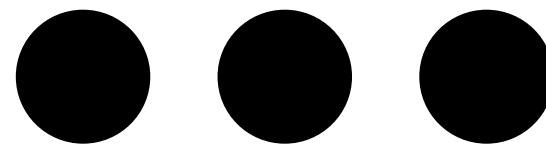

About us

The **MAWF Global Knowledge Exchange Program** bridges academic learning with practical, real-world skills through global partnerships with the peers of Harvard, Cambridge, Stanford and other elite institutions. It offers affordable, world-class education designed to nurture critical thinking, leadership, and technical expertise.

By encouraging cultural dialogue and intellectual curiosity, the program creates a vibrant space for innovation and growth. Students are empowered to thrive in today's global landscape and become agents of change. MAWF's ambitious goal is to impact learners in 100 + countries within the next five years.
