

Rhyann Dockter

for Cache County Executive

My priorities and how I'll get it done

Fiscal Responsibility

- **Prioritize funding:** Direct resources to departments and services that impact the most residents, deliver the highest value, and support those most in need.
- **Balanced approach:** Use a mix of thoughtful budget cuts, new revenue streams, and targeted investments to keep the county financially strong while minimizing tax increases.
- **Long-term stability:** Ensure county spending decisions are sustainable, transparent, and designed to protect taxpayers today and into the future.

Promote Public Safety

- **Budgeting authority:** Maintain funding for the sheriff's department and first responders.
- **Policy advocacy:** Work with the County Council to pass ordinances that improve law enforcement effectiveness and transparency.

Improve Emergency Preparedness

- **Emergency management coordination:** Lead disaster preparedness planning with state, federal, and local agencies.
- **Grant seeking:** Secure federal and state emergency funds for training and equipment.
- **Community outreach:** Launch countywide preparedness campaigns so every family knows what to do in a crisis.

Pragmatic Growth/Development

- **Zoning & land use oversight:** Guide the Planning Commission toward balanced, responsible growth that protects farmland and public outdoor spaces.
- **Development agreements:** Negotiate with developers to ensure infrastructure, schools, and services keep pace with growth.

Traffic Solutions

- **Infrastructure partnerships:** Work closely with UDOT and local municipalities to prioritize congestion relief projects.
- **Budget leverage:** Allocate county funds for critical local road projects and improvements that reduce traffic pressure.

Foster Business Growth

- **Economic development advisory:** Strengthen or create county programs that help small businesses and entrepreneurs navigate regulations.

Attract Emerging Industries

- **Targeted incentives:** Offer incentives or infrastructure support for businesses that bring long-term value.
- **Marketing Cache County:** Promote our talent pool, quality of life, and location as key selling points to new industries.

Job Placement for Graduates & Professionals

- **Workforce development:** Partner with USU and Bridgerland Technical College to align training programs with industry needs.
- **Employer collaboration:** Host county job fairs and professional networking events to retain talent locally.

Increase Tourism

- **Destination events:** Support local festivals, outdoor recreation, and cultural events to draw visitors and generate revenue for the county.
- **Infrastructure investment:** Ensure trails, campgrounds, and historical sites are preserved and maintained.
- **Hospitality growth:** Support expansion of lodging and tourism to capture economic benefits.
