OUR STORY

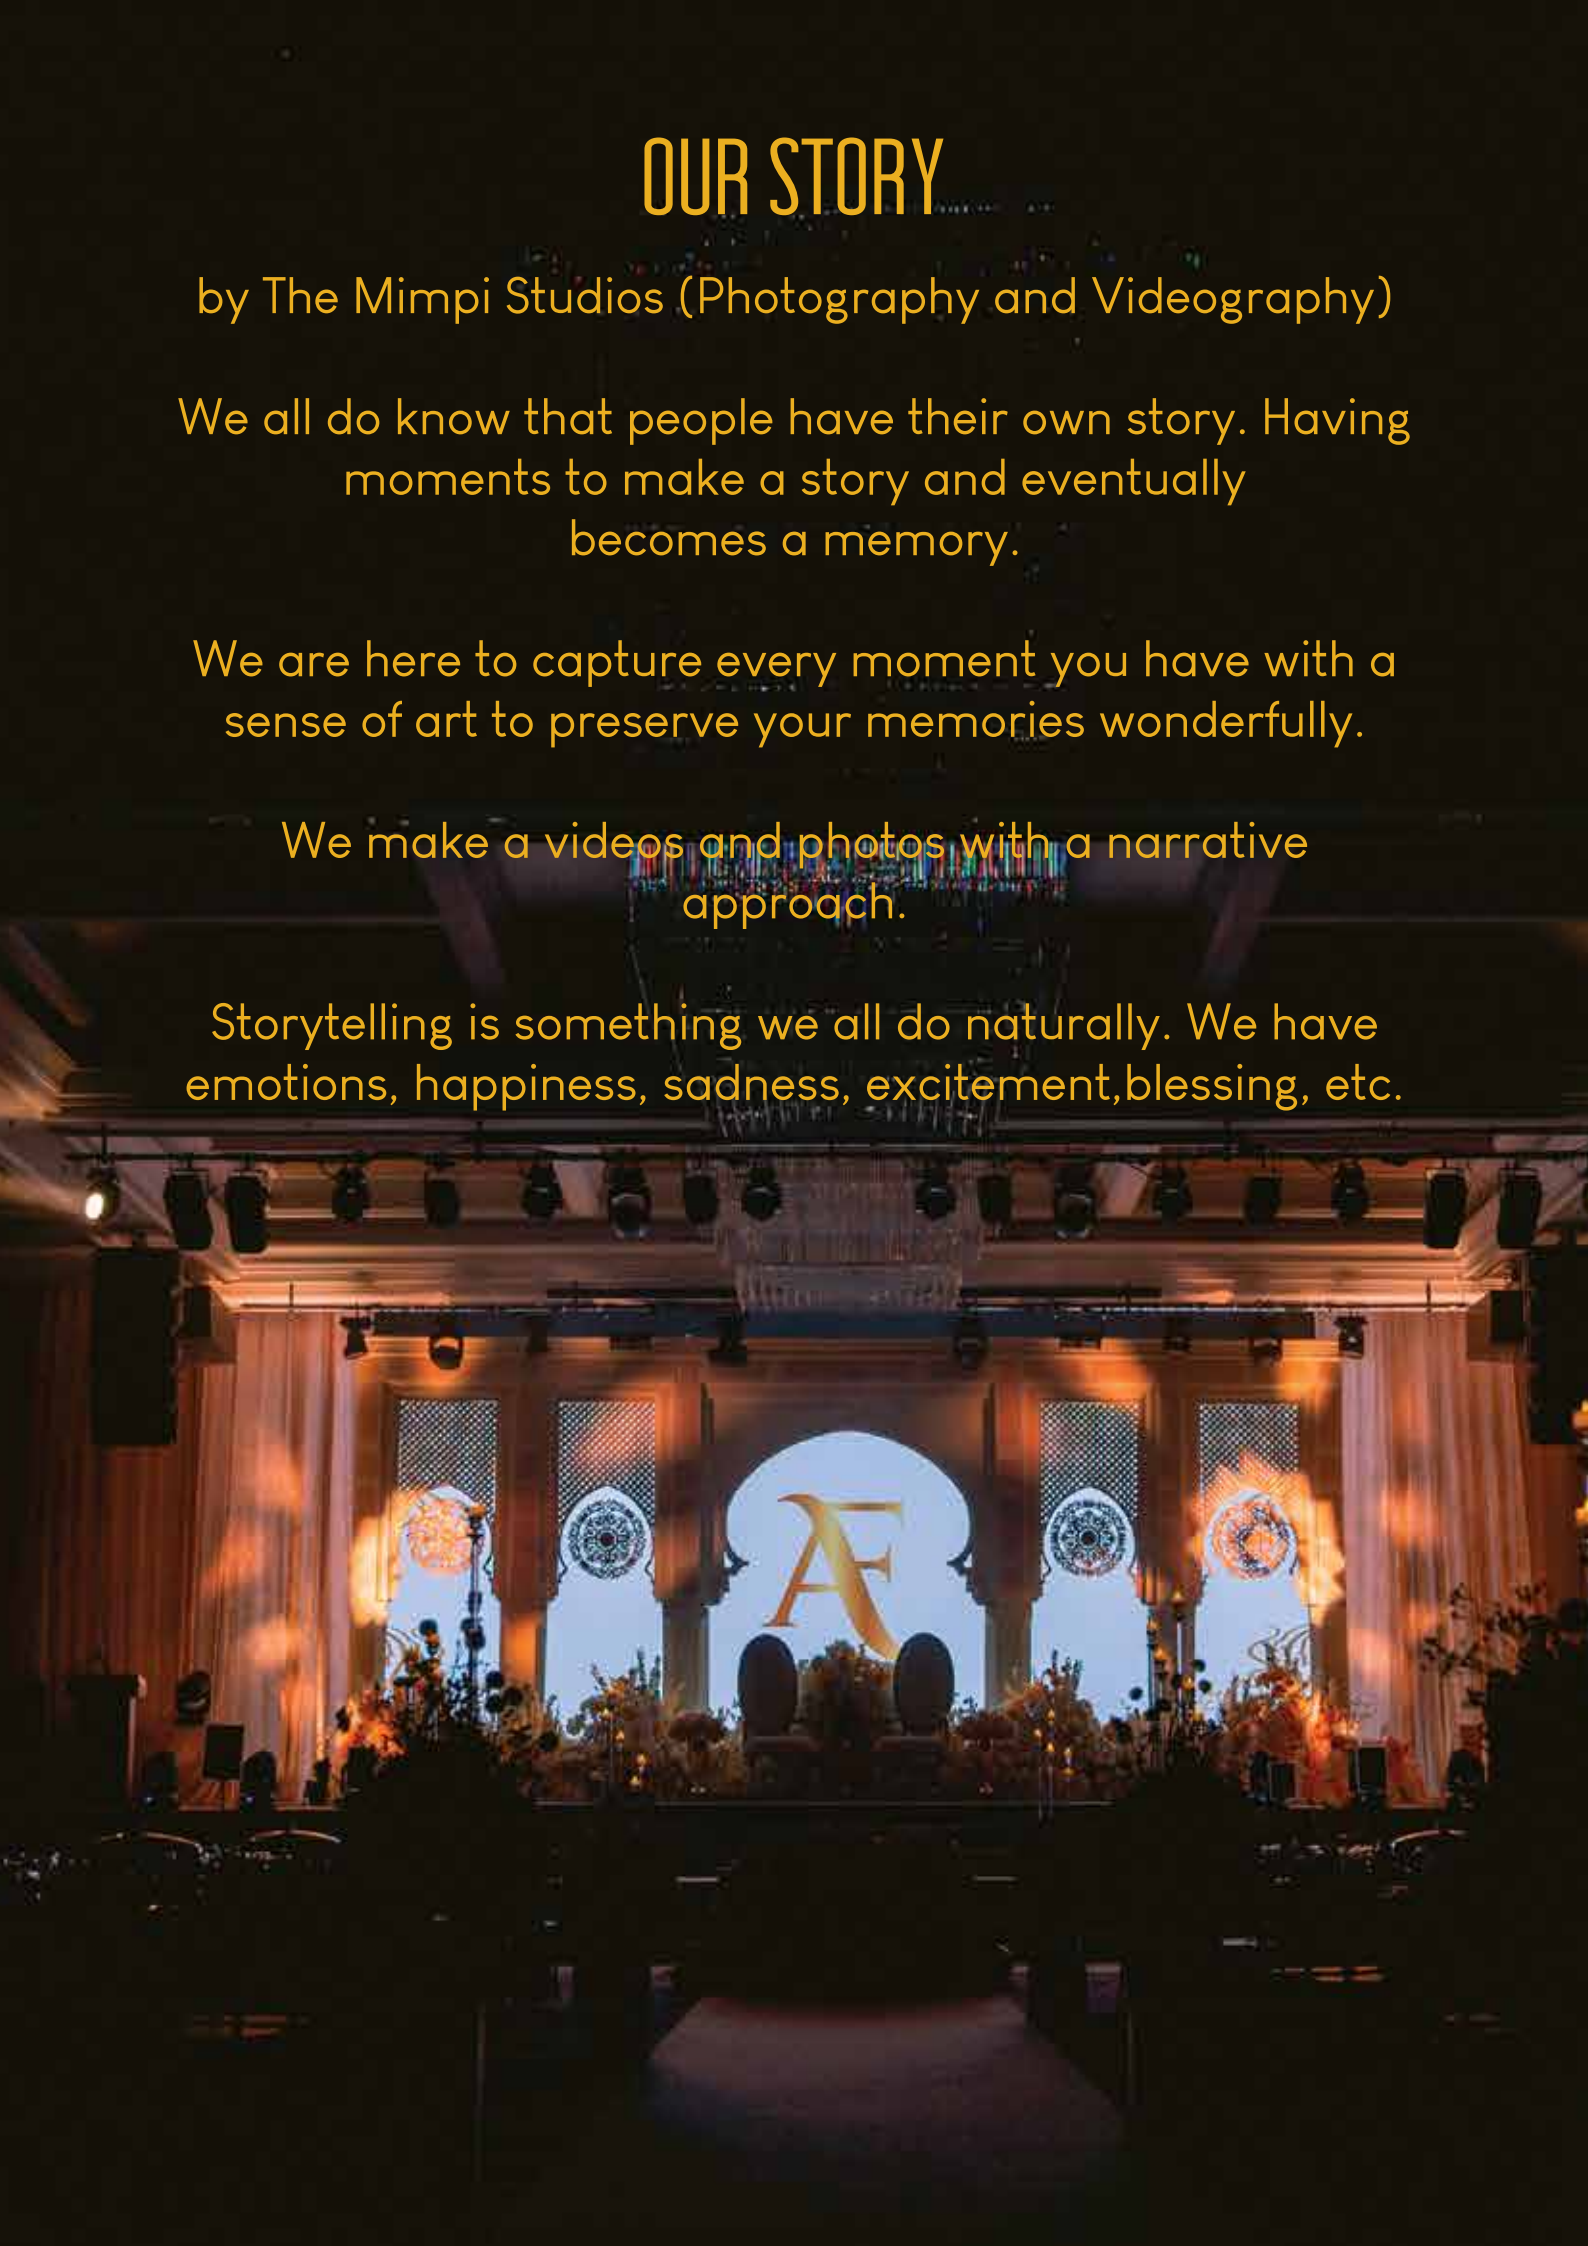

by The Mimpi Studios (Photography and Videography)

We all do know that people have their own story. Having moments to make a story and eventually becomes a memory.

We are here to capture every moment you have with a sense of art to preserve your memories wonderfully.

We make a videos and photos with a narrative approach.

Storytelling is something we all do naturally. We have emotions, happiness, sadness, excitement, blessing, etc.

A full-page photograph of a wedding couple standing in a garden at night. The groom is on the left, wearing a dark suit and tie. The bride is on the right, wearing a white hijab and a long, white, lace-trimmed wedding gown with a long train. She is holding a bouquet of white flowers. They are standing on a light-colored path. The background is a lush garden with many flowers and trees, illuminated by warm, golden lights. A wavy, glowing light pattern is visible at the top of the image. The overall mood is romantic and elegant.
