## TEACHING

Since August 2010 I teach two 60-hours courses per semester (the weekly teaching hours are typically 4).

I have been teaching all the basic physics courses for undergraduates since August 2010. I have regularly taught Cosmology and General Relativity to graduate students since 2014.

## STUDENTS SUPERVISION

I have completed supervisions of 8 BSc, 6 MSc, and 3 PhD students. I am currently supervising 2 PhD students.

I contributed to the creation of the PPGCosmo (<http://ppgcosmo.cosmo-ufes.org/>) PhD program, in August 2016. This is a new PhD course which is based on the internationalisation of its students. Each of them is co-supervised by one of our international partners.
