About Avin Technologies

AVIN Technologies helps entrepreneurs solve business problems through custom apps built with the Claris FileMaker Platform

We've been helping businesses in manufacturing, marketing, and service industries worldwide.

Our Services

Consulting and Coaching

Insights, strategies, and advisory on how the Claris Platform can improve your bottom line

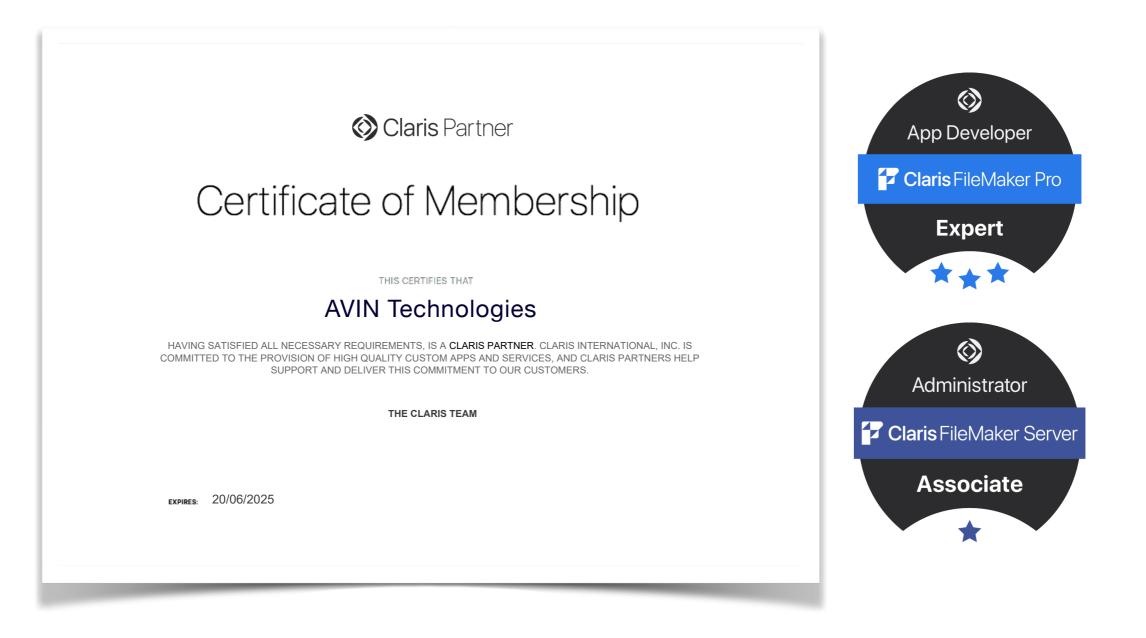

Custom App Development

Design, develop, and deploy secure custom apps for desktop, mobile, and web

Maintenance and Support

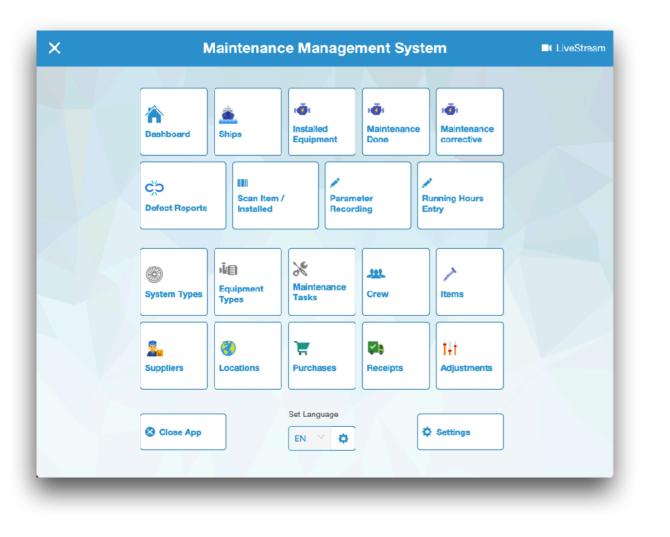

Keep your solutions and infrastructure up to date with the fastchanging business landscape

Claris Partner Claris FileMaker Pro / Server Certified

Some of our clients

(1) Maintenance Management System

Plans, schedules, and records ship maintenance for equipment. **Improves operational efficiency**, **asset utilization**, and **enables remote synchronization for offline users.**

(2) Sales Database

Handles sales quotations and orders, generating manufacturing diagrams in the process. **Centralized and secured business data, reduced lead time for quote generation, and enables quicker monthly reporting.**
