SUANE PADILHA

PORTFOLIO

Brazilian, designer, actress and a comedian for a mental survival 😊

With over 7 years of experience as a designer, I have had the opportunity to work with major clients such as Itaú Cultural, Museu do Ipiranga, Instituto Sprinkler Brasil, Perfetti Van Melle, DaVita, Adium, ANIP, Ferring, Parapanema, and Renova, among others.

I also work as a creator on various design projects. I was a co-founder of Papelaria Realize, where I was responsible for product design and the creation of promotional materials. Since 2015, I have been a designer and art director at Grupo Claricena, where I develop the visual identity of projects, as well as working on short film editing and cinematography direction.
