

Amanda Kelly

Registered Nurse - Adult Expert Witness

contact@amgconsultancyservices.com

01785 719557 (option 3)

General Background

Amanda Kelly has been a registered nurse since 2014 working in the specialty of the acute surgical division, within both preoperative and complex post operative care.

Amanda has experience working with medical patients with complex comorbidities as well as orthopaedic patients.

She has extensive skills, knowledge and experience in assessing, planning, implementation and the evaluation of patient care.

Amanda has experience as a clinical leader with management responsibilities including clinical governance, staff training and competences, clinical audits and leading improvements in a clinical area.

Currently Amanda is working as a complex discharge case manager. She is responsible for patients at all levels of complexity to progress their hospital journey from admission to discharge, with responsibilities including carrying out comprehensive assessments of patients' needs including their home circumstances and long-term care needs.

Amanda can combine her current role and continues to work clinically, maintaining skills and competencies in the field of adult nursing.
