Louise Kenyon NMC RN, NMP, MSc ANP

Advanced Nurse Practitioner (Primary Care), Practice Nurse/Nurse Prescriber

General Background

Louise is a highly skilled Registered Nurse with experience in primary care since 2009. She specialises in chronic disease management and non-medical prescribing, with additional expertise in menopause care, contraception, cervical screening, and immunisations.

Currently, she works as a Locum Practice Nurse in GP practice and as a Bank Practice Nurse in extended access services. Prior to this, she spent over a decade as a Practice Nurse, with 4 years of this in a dual capacity role also as an ANP, delivering comprehensive patient care in general practice. Her earlier career included roles as a midwife, coronary care staff nurse, and practice nurse, giving her extensive experience across acute and community healthcare settings.

Academically, she holds a Master's in Advanced Clinical Practice (Distinction) and a Postgraduate Certificate in Advanced Clinical Practice, along with qualifications in non-medical prescribing (V300), menopause care, minor injury management, and mental health in primary care. She has also undertaken specialist training as a medicolegal expert witness, covering civil procedural rules, report writing, and liability assessments.

With a strong foundation in patient-centered care and evidence-based practice, she brings a wealth of expertise to both clinical and legal healthcare settings.
