Physiotherapist Expert Witness (Medico Legal)

General Background

Greg has many years' experience advising patients on their care requirements, home equipment, and mobility aids that can help them with their present and future care needs. Greg currently provides home visits in the community, holistically assessing a person so to help assist them with their present and future care needs.

Greg has wide experience working within complex musculoskeletal, orthopaedic hospital and care home multidisciplinary team settings, managing people with complex acute and long-term conditions by providing and opinion on the provision of care packages, rehabilitation, mobility aids and equipment.

Greg assists by providing an opinion based on a holistic approach by careful, practical, objective clinical, and functional assessments. He would gather all the relevant evidence and give an insightful valuation of a client's care needs.

Greg acts in an impartial, and independent capacity, and provides opinions on a client's care needs based on professional knowledge, experience, and healthcare expertise of working in the community, hospital, and care home settings.
