HITCHIN & WELWYN
SUMMER '23

“Their music is cleverly arranged and beautifully presented. Their performance was captivating with subtle arrangements using occasional horns, sensitive vocals and a level of professionalism that others strive to achieve. An act not to miss.”

Roger Boddy, jazz drummer

Biography

Brit-pop meets bebop in creative mashups of familiar tunes, all re-cast in the style of the best-selling jazz album ever - Miles Davis' Kind Of Blue. Setlists can include songs from Blur to Kylie Minogue via Chumbawamba and The Eurythmics. Expect heaps of fun and sophistication, from a band equally at home in a theatre or private function.
