Premium Quality video
tours for yourself!

About Us

We, at Drone Innovations, are passionate about wedding videography, and about capturing the beauty and atmosphere of wedding venues (through immersive/engaging drone-based Video Tours). With more than 5 years of experience in video editing and design, we aim to create breathtaking imagery that helps venues to:

- **Elevate** the effectiveness (and reach) of their current marketing efforts
- **Captivate** prospective couples
- **Boost** in-person tours & bookings

What We Offer

- "Flat fee" pricing
- Fully edited, dynamic, and cinematic-style videos (including the interior, exterior, and special features of each venue) - based on package selected
- Short-form promotional clips for social media (MUST request before video tour is complete)
- Quick turnaround times (usually 7 days or less)

Pricing & Availability

***Pricing:** Our services are competitively priced to fit a variety of budgets (starting **as low as \$700** for a full-featured, drone-based Video Tour!)

***Availability:** Open for bookings year-round; equipped to travel throughout the U.S., Canada, and select overseas locations; flexible scheduling to help meet venue timelines

Help Us Share Our Mission

We believe that each wedding is a "unique story" worth celebrating (and just waiting to be told) — crafted with emotion, artistry, and heart. Our passion is to create timeless, cinematic wedding films that capture the essence of what each love story can be, and the venues that can deliver those enchanting moments. We are dedicated to elevating wedding venues (and inspiring prospective couples), through immersive, behind-the-scenes storytelling that showcases the beauty, joy, and endless possibilities that await.

Therefore, we invite you to partner with us in sharing these unforgettable venues & spaces. Together, we can offer your audience exclusive access to breathtaking wedding locations, behind-the-scenes insights, venue stories that celebrate love in all its forms, and inspiring opportunities for their wedding day.

So, please join us (by featuring our drone-based wedding films), share our mission, and help us to inspire your audience with the power of "visual storytelling." Reach out today and let's help make every one of their love stories **truly** unforgettable.
