## Classical Ballet & Contemporary Dancer

### PERSONAL STATEMENT

Having had the opportunity to go to a vocational school at such a young age allowed me to pursue my passion for dance seriously learning a multitude of dance genres to progressively become a versatile dancer integrating feedback effectively from teachers to improve my technique and knowledge of the dance industry.

I find joy engaging in new communities and bonding with others. Being exposed to people from many different backgrounds has allowed me to have a new lens in how I connect with others, and I always find a way to bring my enthusiasm and positive energy everywhere I go.

As a dedicated dancer I commit to rehearsals and performances fostering a strong work ethic and attention to detail. My proactive approach allows me to take pride in my work both onstage and offstage continually growing and developing as an artist.
