

Crypto Fraud Survival Guide: Take Control with UnifiedSOC

A free resource from Hyperwise LLC to help you fight back against crypto scams and reclaim control.

You're Not Alone—We're Here to Help

Spot and document crypto scams

Learn to identify different types of fraud and properly document your case.

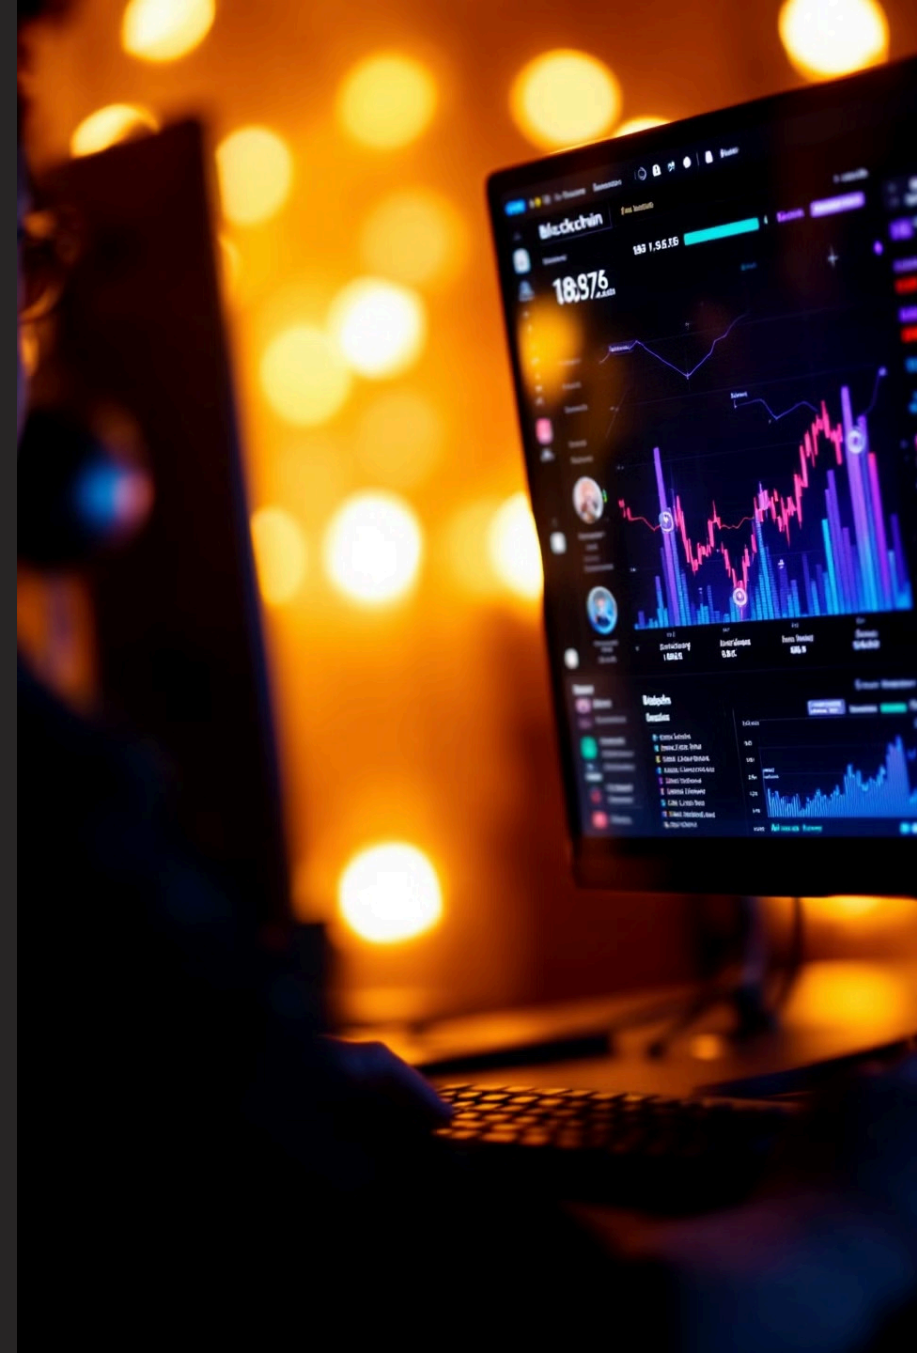

Expert support

See how UnifiedSOC fights alongside you to pursue justice.

Free tracing tools

Discover accessible resources to begin tracking your stolen funds.

Know What You're Up Against

"Guaranteed" Returns

Be wary of promises that sound too good to be true.

Urgency Tactics

Pressure to send crypto quickly is a major red flag.

Suspicious Links

Unknown wallet addresses or questionable websites often signal fraud.

Document everything you remember—dates, messages, and amounts lost.

Build Your Case

Wallet Addresses

Record both your wallet and the scammer's destination.

Transaction ID

Find your TXID on your wallet app or blockchain explorer.

Screenshots

Capture all communications and relevant websites.

Contact Points

Save the scammer's email, phone, or social media details.

Start Tracing for Free

1

Enter TXID

Input your transaction ID in a blockchain explorer.

2

Track Movement

Note where funds moved—another wallet or exchange.

3

Document Findings

Screenshot and save all your discoveries.

Free tools like Etherscan, Blockchair, and Bitquery can help you begin.

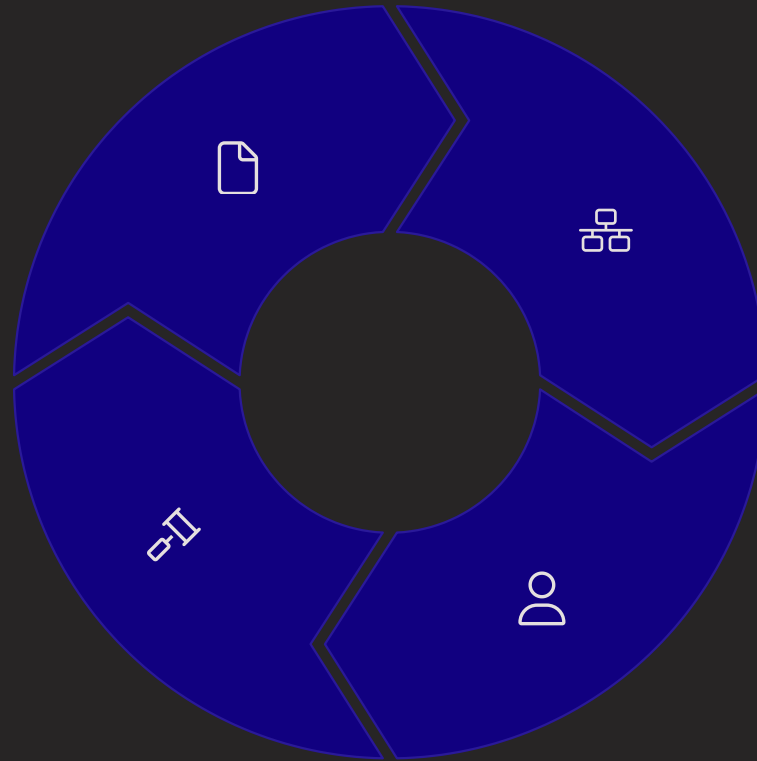

Let Us Fight for You

Reporting

Submit your case securely through our online portal.

Pursue Justice

Turn evidence into action for potential recovery.

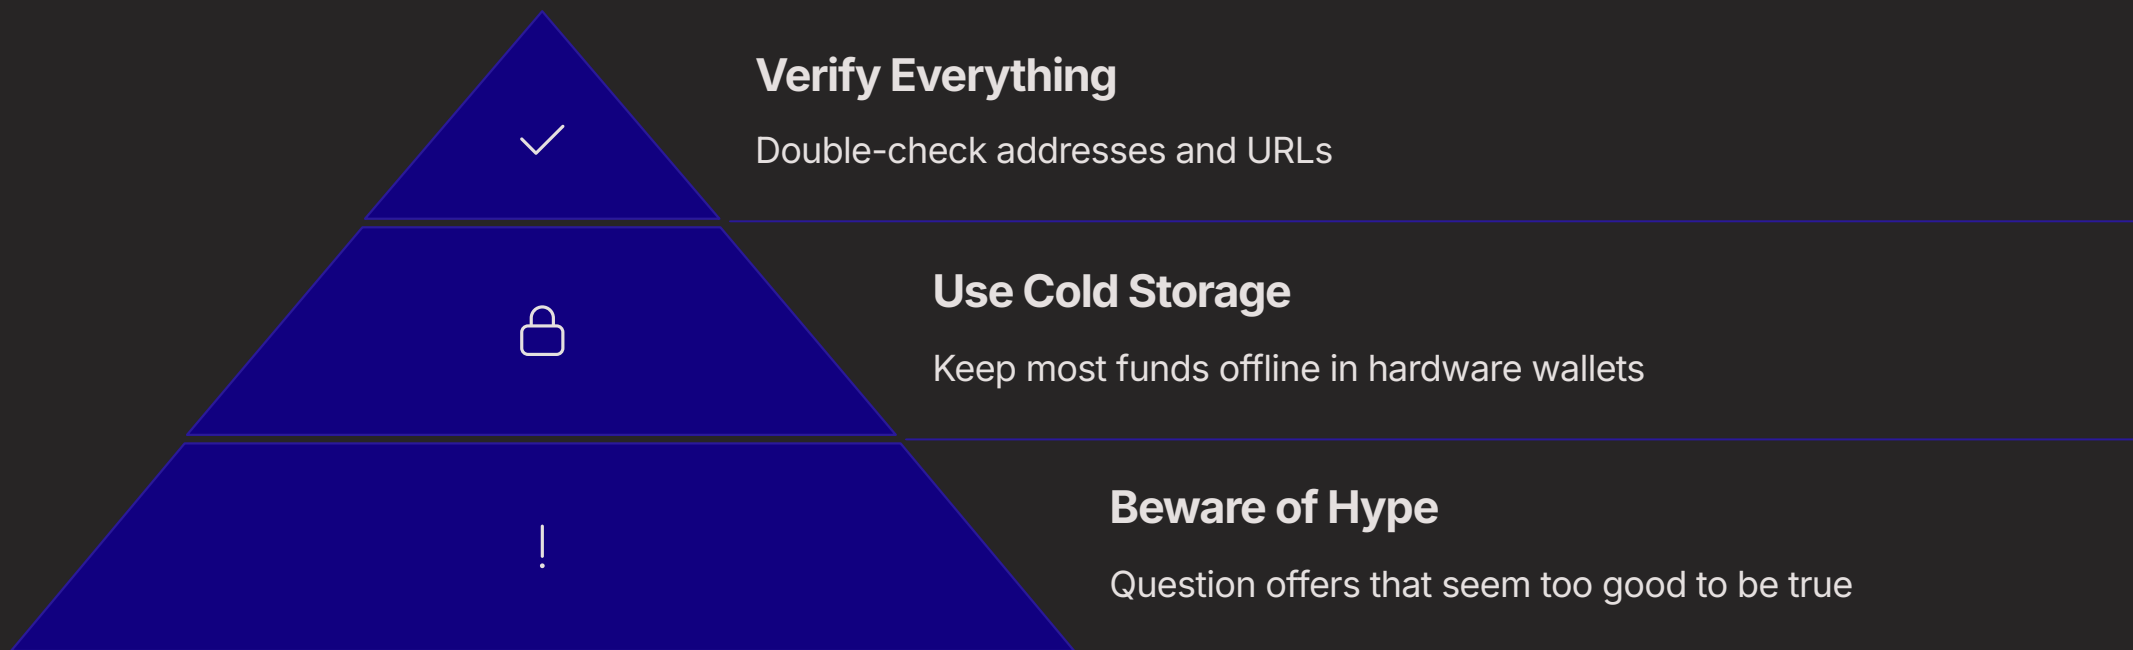

End-to-End Tracing

We map every wallet and transaction in your case.

Expert Support

Work with our team and law enforcement.

Stay Safe in Crypto

Prevention is your best defense against future scams.

Take Back Control Today

Gather Evidence

Collect all transaction details and communications.

Use Free Tools

Begin tracing with blockchain explorers.

Report to UnifiedSOC

Submit your case at unifiedsoc.com/report
