

Maria Emilia Tennis Token (METT)

Maria Emilia Tennis Token (METT)

Empowering Youth Tennis through Blockchain Transparency

Executive Summary

The Maria Emilia Tennis Token (METT) is a community-driven initiative designed to support the professional growth of young tennis players through transparent blockchain funding. The pilot project begins with Maria Emilia, a 13-year-old Ecuadorian player with national and international potential.

Mission & Vision

Mission: To build a transparent and sustainable ecosystem that supports youth athletes through tokenized community funding.

Vision: To create the first Latin American model where technology and sports unite to empower young talent.

How METT Works

Contributors > Blockchain Smart Contract > Training & Tournaments > Performance Reports > Community Rewards.

All contributions are processed transparently through the Polygon blockchain, ensuring full accountability and traceability.

Funds Distribution (Tokenomics)

Training & Coaching	40%
Travel & Tournaments	25%
Education & Physical Preparation	15%
Media & Promotion	10%
Operational Reserve	10%

All fund allocations are traceable on-chain via the Polygon blockchain.

Holder Benefits

METT token holders gain exclusive access to: - Updates on Maria Emilia's training and tournaments - Digital collectibles and future NFT-style rewards - Discounts on official merchandise (caps, shirts, 3Dmini-figures) - Recognition as early supporters of the project

Roadmap

Q4 2025 Presale & Marketing Launch

Q3 2026 Academy Program & Sponsorship Partnerships

This represents METT's leap from an individual project (María Emilia) to a structured educational and sports platform.

This phase aims to:

Create or partner with a physical or hybrid tennis academy (coaching + mentoring + scholarships).

Initiate METT scholarship programs for low-income children with high competitive potential.

Use part of the token funds to finance coaches, physical therapists, and sports psychologists.

Develop a certified educational identity, where donors know exactly which young people they are helping.

In short: METT Academy becomes the heart of the project's legacy.

Q3 2026 Expansion of METT Community & Digital Platform

Aquí se integran marcas deportivas y fundaciones internacionales que quieran asociarse con METT.

El objetivo es:

Atraer patrocinadores que aporten equipos, ropa, viajes o fondos.

Crear paquetes de endorsement para empresas (visibilidad, presencia en redes, eventos).

Hacer que METT sea una vía transparente para donar o patrocinar el deporte juvenil usando blockchain.

Ejemplo: Una marca deportiva o empresa puede comprar tokens METT, apoyar a la academia y recibir beneficios publicitarios.

Transparency & Disclaimer

METT is a supporter token, not a financial asset or security. Contributions are voluntary and used exclusively for the athletic development of Maria Emilia and future youth athletes. All transactions remain public and verifiable on PolygonScan.
