

## **Types of Background Checks**

### **1. Employment Background Check**

- Verifies work history, education, certifications, and references.
- May include criminal history and credit reports, depending on the job.

### **2. Criminal Background Check**

- Searches for criminal records at local, state, and federal levels.
- Common for jobs in childcare, healthcare, and finance.

### **3. Credit Check**

- Reviews financial history, including debt, bankruptcies, and payment records.
- Often used by landlords or for roles involving financial responsibility.

### **4. Tenant Background Check**

- Combines criminal, credit, and eviction history to assess a potential tenant's reliability.

### **5. Driving Records Check**

- Examines driving history, including accidents, DUIs, and license status.
- Essential for roles involving driving.

### **6. Identity Verification**

- Confirms a person's identity using official documents like Social Security numbers, passports, or ID cards.

### **7. Professional License Verification**

- Checks if a person has valid and active licenses required for their field (e.g., healthcare, law).

### **8. Education Verification**

- Confirms degrees, certifications, and academic achievements.
