

Legal Support Services

1. Evidence Gathering

- **Civil Cases:** Private detectives can collect evidence for cases involving divorce, child custody, personal injury, or contract disputes.
- **Criminal Cases:** They assist defense attorneys by uncovering evidence, locating witnesses, and verifying facts.
- **Surveillance:** Conducting surveillance to monitor activities relevant to the case.

2. Background Checks

- Verifying the history, credentials, and criminal records of individuals or entities.
- Common for pre-employment screening, litigation, or due diligence in business deals.

3. Locating Individuals

- **Skip Tracing:** Finding individuals who are evading legal obligations, such as debtors or defendants.
- **Missing Persons:** Locating missing persons for legal or personal reasons.

4. Asset Investigations

- Identifying and verifying assets for use in cases such as divorce settlements, bankruptcy, or fraud investigations.

5. Fraud Investigations

- Investigating cases of insurance fraud, identity theft, or business-related fraud.

6. Witness Interviews

- Gathering statements or testimonies from witnesses for legal proceedings.

7. Litigation Support

- Providing assistance to attorneys by gathering and organizing case information, analyzing data, and preparing for trials.

8. Digital Forensics

- **Recovering and analyzing electronic data, including emails, social media activity, and deleted files, which may be used in legal cases.**

9. Service of Process

- **Delivering legal documents to parties involved in litigation.**
