Objective

To join a passionate company and grow as a dedicated **Photographer, Videographer** and **Video Editor**. Currently with just over two years of experience and seeking to contribute expertise in photography, videography, (**and five years in video editing**) and visual storytelling to a dynamic professional company. Adept at utilising cutting-edge Canon equipment, including the Canon R6 Mark II for photography and the Canon C300 Mark II and BMPCC6k's for videography, to create compelling, high-quality content that enhances property marketing efforts. Having used a range of lens such as the 70mm to 200mm, 16mm to 35mm, 24mm to 70mm and even flat wide angle lens such as 11mm to 16mm lens for buildings and cine, prime and all-purpose lens for various projects. Committed to delivering stunning visuals that help clients effectively showcase properties and attract potential buyers. Eager to collaborate with professionals to elevate marketing materials and exceed client expectations with both photographic and cinematic editing techniques. Constantly growing as a creative individual and photographer, videographer and or editor and willing to grow and learn, work hard in a team-based environment or as a solo asset.

Core Competencies

Khawbung Bridal | August/2024 – Current

- Solo freelance photographer and videographer on site to capture high-quality imagery and video content for Khawbung on a regular basis.
- Coordinated equipment setup, including lighting, camera systems, and props, to ensure optimal shooting conditions.
- Contributed to post-production processes by assisting with photo editing and video editing, applying color correction and enhancements to meet client specifications.
- Supported logistical operations to ensure smooth and efficient photo and video shoot executions.

- Gained valuable hands-on experience with professional-grade Canon equipment and advanced photography and videography techniques.

Purpose

- To deliver bespoke photography and videography services to high-end residential and commercial clients, producing captivating images and videos tailored to small business, vehicle, property marketing and any goods and services type businesses thrown my way.
- Capture visually dynamic interior and exterior photographs using the Canon R6 Mark III or given camera and systems and lens, ensuring optimal lighting and composition for every shot.
- Utilize the Canon C300 Mark II for professional-grade video production, creating dynamic virtual tours, property walkthroughs, and promotional content (if needed).
- Skillfully integrate drone and aerial photography techniques to provide unique perspectives, enhancing property listings.
- Edit and retouch photos using Adobe Lightroom, Davinci Resolve 19 and various Davinci Resolve LUTs to optimize clarity, color accuracy, grading and overall visual appeal.

- Provide comprehensive video editing and color grading in Davinci Resolve to deliver cinematic-quality footage that aligns with real estate marketing goals.
- Collaborate closely with real estate agents, property managers, and developers to understand project goals and deliver superior visual assets on time and within budget.

Technical Expertise

- **Cameras:** Canon R6 Mark II (Photography), Canon C300 Mark II (Videography) BMPCC6K Cameras.
- **Lenses:** Canon RF Mount Lenses, EF mount Lenses (Wide-Angle, Telephoto, Prime, Cine, Macro, etc)
- **Software:** Davinci Resolve, Adobe Lightroom, Photoshop, Premiere Pro, etc.
- **Other Equipment:** Professional Camera rigs, gimbals, stands, mic systems, Drone Systems with DJI ecosystem, Professional Lighting Kits by Aputure, Amaran, etc.
