THE CALM RITUAL SOAP

Botanical. Handmade in Spain with calendula, lemon and lavender.
Gentle for your senses. Harmless for theirs.

But this soap is not for the bowl.
It's for you — for the hands that prepare.
A gesture that begins the ritual.

Inspired by “Itadakimasu”, it invites quiet gratitude.
Not as a rule, but as a rhythm.

A pause before we serve. A breath before we share.

THE SOIRÉE BOWL

Porcelain made in Spain.
Its wide, rounded shape supports digestion and whisker comfort.

More than a bowl —
it's part of your shared ritual.
Used with presence, it becomes an object of care.

Place it where your shared moments belong in the heart of your home.
For meals served with love, not haste.

LE CARNET SOIRÉE

A notebook of gentle evenings.
With recipes, music, small rituals and space to grow.

Open it often. Add your own pages.
Let it become part of your rhythm.

For turning everyday meals into gentle memories.

WHY THIS CARNET EXISTS

Researchers agree: the tone, pace and intention around meals
shape wellbeing and strengthen emotional bonds.

This isn't about cooking.
It's about transforming feeding into presence.

Because how we serve... changes how it feels.

THE REVERSIBLE TAG

Like the signs in quiet cafés:
"Itadakimasu" — a moment of gratitude.
"Gochisōsama deshita" — a gentle closure.

Hang it from the handle. Or keep it inside.

Every meal can begin — and end — with care.

THE BOX

Not just packaging.
A drawer for slow dinners and simple letters.

Let it hold the objects — and the atmosphere.

*Note: The companion recipes in this pack are symbolic and occasional.
