RUNNING PROGRESS

START HERE

The diagram illustrates a data flow process across six rows and three columns. Each cell in the grid is a rectangular box containing the text "DATE:" and "DISTANCE:". The boxes are arranged in a 6x3 grid. Arrows indicate the flow of data: horizontal arrows point from left to right between boxes in the same row, and vertical arrows point from top to bottom between boxes in the same column. The flow starts at the top-left box and proceeds through the grid, ending at the bottom-right box.
