~ Tea Under the Trees, Lace in the Breeze ~ *A Special Note for Outdoor Gatherings*

Planning to host your tea party in a garden, patio, or backyard? We're swooning already! There's something magical about sipping tea beneath the sky, surrounded by flowers, laughter, and good company.

To help everything bloom beautifully outdoors, here are a few things to consider:

- A clean, flat space (grass, deck, or patio) is perfect for setting up tables and decor
- Shade is lovely — whether from a tree, canopy, or umbrella — to keep guests and treats cool
- Access to a nearby kitchen or counter makes setup smoother (but don't worry, we adapt!)
- If it's a chilly day, cozy blankets or a space heater will help keep the grace flowing

Let us know if you're planning an al fresco affair — we'll bring just the right touch of garden elegance.
