Dragger (Electro Pullers)

Up till now it was no easy job moving Fully loaded industrial trolleys, roll containers, shopping trolleys, hospital beds, industrial cars,

roll containers full of cartons of milk, bags of garden earth, craters etc. Fortunately all of that has changed with the arrival of the Natraj Electro Pullers, a compact and ultra user-friendly dragger. The Electro Puller drags roll containers and other rolling objects simply and without physical effort from one place to another how bumpy or steep the route may be.
