## TRANSPORTATION

### **Getting to the Conference Venue**

Traveling from Budapest Ferenc Liszt International Airport (BUD) to Hotel Verdi by public transport takes a little over one hour.

### ***Public transport (~1h)***

The easiest option is to take the direct airport shuttle bus (No. 100E) from the airport to Astoria Metro Station (M2 line). From there, take Bus 9 to Kiscelli utca. From Kiscelli utca, it's only a short 650-meter walk to reach the hotel.

### ***Alternative Route***

A faster option is to take the **Flibco Bus 6468** from the airport to Népliget Bus Station. From there, take Tram 1 towards Bécsi út / Vörösvári út and get off at Szentlélek tér. The hotel is just a short 250-meter walk from the tram stop.

## ARRIVING ON 21 OCTOBER? JOIN THE FIELD VISIT!

On the afternoon of 21 October, a field visit will be organized to the Kujáni Farm and to the Pilze-Nagy Kft.

The visit will showcase good practices in knowledge sharing and advisory services, including the Erasmus+ project on IPM training, the advisory program of the agri-environmental scheme, and the achievements of the SMARTCHAIN project and CO-FRESH.

### Practical Information:

- Participants who are at Hotel Verdi Aquincum by 14:00 will be taken by bus to the field visit.
- If you arrive at the airport at 13:30 or later on Tuesday, you may not have sufficient time to reach the hotel in time to join the bus departing for the field trip there. In this case, we have arranged an alternative bus that will depart directly from the airport to the field trip location at 14:30. Further details regarding the exact meeting point at the airport will be shared closer to the event, should this option apply to your travel schedule.

After the field visit, we will enjoy a **group dinner at Geréby Kúria**. The cost is 40 euros per person (including drinks).

Each participant covers their own meal, but since the venue does not accept individual payments, the modernAKIS team will collect the total amount in advance.
