Hi, My name is Mulenga and
this is my body...

I use my body for eating...

I use my body to learn at school...

I use my body to play all day

I Love to play games..

One day Cousin wanted to teach me
a new game..

He touched my private part and told me
to play with his too.
He told me it was our little secret.

This was not a good game.
So when mom came home I told her about it,
and when I went to school I told my teacher.

My cousin was very very bad,

He touched other children's private parts.

They took me to the police to report him.

**Because I reported him, he won't hurt
another little boy or girl ever again.**

**There are many other bad men and women
who do bad things to little children.**

And all the bad people must be punished.
