### Applications:

ETL-100 / 300	Scientific Instruments & Meters, Assembly and manufacturing processes of Non - Ferrous Metals.
ETL- 600	2 / 3 Wheeler Engines, Compressors, Machinery and Manufacturing Processes.
ETL- 1200	Light & Medium Vehicle Engines and chassis, Marine Engines and Machine Tools.
ETL- 2000	Medium & Heavy Vehicle Engines, Tractor Engines, Marine Auxiliary and Industrial Machinery.
ETL- 3000	Heavy Motor Vehicle, Marine and Diesel Engines, Earth Moving Equipments, Machine Tools.
ETL- 5000 / 7X / 7200	Heavy Machinery, Equipments & Transmissions, Locomotives, Steam and Hydraulic Equipments.
ETL- 8 / 9 / 10 / 11	Generating Equipments, Heavy Static Marine and Diesel Engines.

# EUROTOOL

## TORQUE WRENCHES

- ★ Guaranteed Calibration Tolerance of  $\pm 3\%$  across the whole range.
- ★ **TriSense** safety signal of TOUCH SIGHT and SOUND indicate the required torque setting achieved.
- ★ All the working parts made from special alloy steel & heat treated for wear resistance.
- ★ Ratcheting models to speed up operation. The ratchet ensures ease of use in confined spaces with minimal movements.
- ★ Compact head design for maximum accessibility.
