

# GenStone®

## Classic

Natural Clay with  
Terracotta and  
Cinnamon Tones

“

“You guys were great to work with! There was always somebody there I could talk to when I had a question. The product went on great and I can not believe how beautiful it looks. Great product! Thanks.”

—Ray, Maryland

“

“Took a bit of searching to find a product that would reasonably match original brick on home for detached garage, most was antique or heavily tumbled. This brick worked perfectly to help style the detached garage to fit the home.”

—AC, Johnstown, ON

“

“Very beautiful. Easy to put up. It should have matching end joints so you could not see the joints. The color in the brochure does not match the product.”

—Jerry, Mississippi

“

“The order was delivered the day it was supposed to be. We found the material very easy to install and the client loved the material. We would recommend. The sales staff was great to work with.”

—Mike, Georgia

“

“I installed GenStone throughout my kitchen and created a nicho with the extra product.”

—Sam, California

## CLASSIC BRICK SYSTEM

1. Half Panel
2. Full Panel
3. Corner Ledger (Outside & Inside)
4. Corner (Outside & Inside)

## Classic Color Profile Inspiration

Classic brick truly never goes out of style. Versatile and timeless, this sophisticated design has always been a favorite. The design team was inspired by the charming essence of this handsome brick style and created our GenStone Classic faux brick panels.

Just as you can imagine, our Classic faux brick design features a base of bold, red clay, gently washed with warm terra cotta and cinnamon tones. This chic design pays homage to the traditional brick styles of the past but with a current, modern flair. Try Classic faux brick panels on your next project. Order a sample today.

Try out our visualizer to see if Classic is the best color choice for your next project!
