Lahore, Pakistan (Sher Shah Colony)

ABOUT ME

Unity game developer with 3 years of experience in 2D, 3D, and simulation games. Skilled in building smooth gameplay experiences, optimizing performance, and working with multiplayer networking. Focused on clean, maintainable code and efficient development workflows.

EXPERIENCE

- Developed a Highway Racing Game with engaging animations and smooth gameplay.
- Collaborated with senior developers to brainstorm and refine new game ideas.
- Resolved Gradle build errors.

tecHouse Games
Unity Game Developer
Nov 2024 - Apr 2025

- Designed and implemented game mechanics for "Charles On Chain" (2D Game).
- Created tools to streamline game development, halving development time.
- Designed and animated visually appealing gameplay for "Scavenger Hunt" (2.5D Game).

Mindravel Interactive
Game Developer
Dec 2022 - May 2023

- Designed and developed a bus simulation game with over 50K downloads on the Play Store.
- Enhanced player experience with level design, lighting, and cutscenes.
- Optimized game performance, increased speed by 30%.

MetaDort
Unity Developer
Aug 2022 - Nov 2022

COURSEWORKS
