# Capabilities Statement

## Why Hire Us?

Building Video Solutions is easy. Building robust, secure, resilient, accessible, elegant, and innovative Video Solutions is very hard. This is why we exist. We are a band of brothers and sisters who've been in the trenches, building the video solutions we can't talk about. Such is the nature of Intellectual Property, Intelligence, and needle moving technology. Having served clients like Marriott, Mastercard, DOJ, Intelligence Agencies, Harvard Business Review, and many other happy customers, we pride ourselves on the fact that our solutions are still helping our clients stay ahead of the curve years after deployment.

## Highlights

**100%**

Of our customers have seen measurable success based on our services.

**0%**

Of projects delivered under our oversight have failed.

**95%**

Of our first-time customers signed up after being recommended by a previous customer.

**30%**

Of executives who hired us enjoy promotions and awards because of the solutions we delivered for them.
