We make every effort to assure you get the best deal! We often check our bookings and re-price them as rates are adjusted to reflect the market. If rates go down, we will make every attempt to adjust your booking subject to your packages contract.

HOW LONG IS MY QUOTE GOOD FOR?

All quotes are in real-time, and no space or pricing is held unless otherwise noted. It is important to realize that the more time that passes from the initial quote creation, the more opportunity there is for a change in availability and pricing. I'd love to work with you to have honest feedback on the itinerary so that I can secure your trip as soon as you are ready to move forward and minimize any risk of loss of space and price changes.
