The Outreach Team is planning an **Earth Day Event** at the church on **Friday, April 11 @ 7:00 PM**. In keeping with the 2025 Earth Day Theme **Our Power, Our Planet**, **Dr. A. Raja** will make a presentation entitled: **Powering the Future: The Impact and Legacy of Fossil Fuels**. Dr. Raja is the Department Head of Planning, Geography, and Environmental Studies at the University of the Fraser Valley. There is no admission fee, but donations for a nature trust will be accepted. Cookies and tea will be available in the hall after the presentation.

Centennial Committee Reminder: Bev K. is collecting memorabilia of the United Church of Canada and our local church for a Centennial display. Suitable items include pictures of people and church events, wedding and baptismal certificates, etc., as well as bulkier items that might need to be displayed in the foyer cabinets. Bring along anything you might have! Please include the names of folks in pictures, and the name and year of events. Also, to facilitate the timely return of memorabilia, please make sure to include your name. Items can be brought to church on Sundays. Please contact Bev if you have any questions.

Volunteers are needed to arrange the memorabilia on notice boards/posters, while the regular display team will look after arranging items in the foyer cabinets. If you'd like to be involved in creating informative displays that will instill viewers with an appreciation of our church history, please speak to Bev. There are events booked at the church the last three weekends in May and it would be great to have the displays ready to be viewed and enjoyed by then. It's likely that the displays would be kept up until the end of June. I won't be at the next few Sunday services, so please contact Bev with any questions or ideas.

Thanks for your help and for showing our pride and joy with our Church and with our church family, past and present. ~Helen
