

Dear United Church Friends -

I attend Carman United Church in Chilliwack BC.

We are honoured to live, work and play on the traditional, ancestral unceded territory of the Sto:lo Coast Salish People.

We are an active congregation of about 100 members, which includes seniors, younger folk and some families with small children.

Our congregation is very generous with their time and talents.

We are able to have several groups within our church, Outreach, Namrac, Mission + Service etc.

I am involved with our Outreach group which provides home baked cookies to our neighboring Elementary school for their lunch program. The kids love the cookies!

We also support the Womens Transition House financially as well as providing home sewn bags filled with personal items for Valentines Day. We also provide the local Youth Centre with items such as gloves, scarves, socks etc around the beginning of December. Also we collect new baby items to fill gift baskets for the new moms at the Chilliwack High School for Mothers Day. It seems we never run out of places to help out - even if its just a little.

I enjoy living close to my kids and grand kids. My hobbies are going for walks along our beautiful nature trails, gardening, reading and some travel. I also sing in the Chilliwack "Rock" Choir. All rock music and so much fun!

Carman sends it's best wishes to you to enjoy all the festivities your church has planned to celebrate 100 years!

Your new friend
Lynda
