

1 PM, 2nd & 4th MONDAYS - CARDIFF CASTLE LITTER-PICK

This collaborative community activity takes place with our 'litter-pick partners' – The Wambles of Wales - SYTL, at the historic Cardiff Castle on the second & fourth Monday of the month, meeting at 1 pm. The 'Heroes' generally, litter-pick the exterior grassed moat areas alongside the east & south facing castle walls whilst the Wambles litter-pick the adjacent paved areas.

A safety brief is given prior to the litter-pick starting & all necessary equipment is supplied: such as High-viz waistcoats, gloves, pickers, litter bags and bag hoops. We also have approved 'Sharps' bins for broken glass, which we often come across.

The pick usually takes around an hour & a half, sometimes two, and we finish off back at the car for a cuppa and some biscuits.
