

DOOR AIR CURTAIN *COMMERCIAL & INDUSTRIAL USE*

Highly recommended by Architects, Interior Designers, Engineers & HVAC Consultants.

Voldam is proud to offer high-quality air curtains in Pakistan, designed specifically for both industrial and commercial applications. Air Curtains create a seamless barrier that prevents the exchange of air between indoor and outdoor areas.

Voldam Air Curtain help sustain a healthy working environment. Whether cooling, heating, or ambient conditions for a comfortable climate for customers and employees. Air Curtain is a good partner with air conditioners, which keep the indoor cool air more efficient. The invisible air door maintaining clean and fresh air for the indoor environment.

Air Curtains keeps the atmosphere clean from pests and insects, dust, airborne, pollution, smells, odors and stops draughts and cold or hot air entrance. Voldam Air curtains are great for use in commercial premises, such as Shopping Malls, Offices, Hospitals, Factories, Cold Storage Units, and particularly Retail Outlets, where the entrances are likely to be in constant use.

Air Curtain Standard Series Cross Flow Type 13 MS

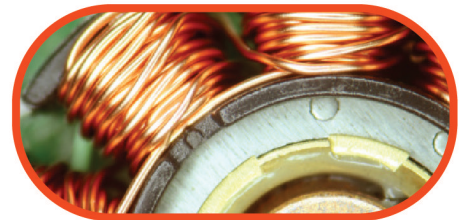

Features:

- Quiet. Technologically Advanced.
- ECO Motor Technology.
- Energy Efficient reduces Power Consumption by 50%.
- 99.99% Pure Copper Motor for Long Life.
- Heavy Duty Full Metal Body.
- 2 Speed Control. (Hi / Low)
- Large Air Volume.
- Built-in Door Sensor.
- Operated with Remote Control.

VOLDAM energy-efficient air curtains perfect for commercial and industrial use.
Improve indoor air quality and reduce energy costs.

99.99% Pure Copper Motor

Specifications:

| Model No. | Size (feet) | Dimension (mm) | Voltage (V/Hz) | Power (watts) | Air Volume (m3/h) | Speed (m/s) Low High | RPM | Noise (dB) | Weight (kg) |
|------------|-------------|------------------|----------------|---------------|-------------------|-------------------------|------|------------|-------------|
| VAC-3FT ST | 3 | 900 x 175 x 210 | 220v-240v~50Hz | 160 | 1630 | 12 13 | 1321 | 57 | 10.5 |
| VAC-4FT ST | 4 | 1200 x 175 x 210 | 220v-240v~50Hz | 220 | 2500 | 12 13 | 1303 | 58 | 13 |
| VAC-5FT ST | 5 | 1500 x 175 x 210 | 220v-240v~50Hz | 260 | 3580 | 12 13 | 1330 | 59 | 15.7 |
| VAC-6FT ST | 6 | 1800 x 175 x 210 | 220v-240v~50Hz | 320 | 3900 | 12 13 | 1236 | 60 | 18 |

Air Curtain Industrial Series Centrifugal Type 18 MS

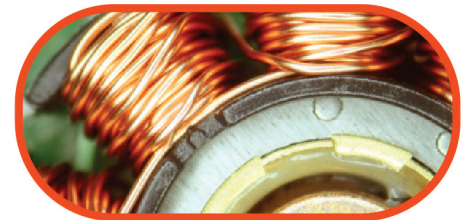

Features:

- Hi Performance.
- Strong Air Pressure 18 MS.
- Suitable for Industrial and Commercial use.
- Dual Motor - Centrifugal Type.
- Heavy Duty Full Metal Body.
- 99.99% Pure Copper Motor for Long Life.
- 2 Speed Control. (Hi / Low)
- Built-in Door Sensor.
- Operated with Remote Control.

Step into a World of innovative air solutions with Voldam Air Curtains in Pakistan.
Create an invisible air barrier for optimal comfort and energy efficiency
