Maximum Accumulation	This allows for a portion of unused maximum benefit to carry over to next year's maximum benefit amount. To qualify, you must have had a dental service performed within the Calendar year and used less than the maximum threshold. The threshold is equal to the lesser of 50% of the maximum benefit or \$1000. If qualification is met, 50% of the threshold is carried over to next year's maximum benefit. Individuals with fourth quarter effectives will start qualifying for rollover at the beginning of the next calendar year. You can accumulate no more than four times the carry over amount. The entire accumulation amount will be forfeited if no dental service is submitted within a calendar year.			
Participating Provider Services	If a member requires treatment or service and cannot reasonably reach a preferred dental provider and the member receives such treatment or service from a non-preferred dental provider, benefits for such treatment or service received will be paid as if the treatment or service had been provided by a preferred dental provider. The member must provide information either with the claim or during an appeal that informs Principal Life there was no participating provider reasonably available.
