RELEVANT PROJECTS

Federal Highway Administration Peer Exchanges

Client Contact: US Department of Transportation

Customer/Client POC Email: Jason Motala/ Jason.motala@dot.gov

Total Contract Value: \$135,400.00

Period of Performance: 9/11/2023-9/11/2026

CONTRACT REQUIREMENTS:

This non-personal services contract focused on facilitating the implementation of updated OJT Policy Guidance through peer exchanges designed to enhance the effectiveness of State Department of Transportation (State DOT) programs. Our responsibilities encompassed administrative management, marketing and communication material development, as well as the planning and execution of both virtual and in-person peer exchanges. We developed tailored materials for each group of participants, ensuring Section 508 compliance for accessibility. Additionally, we assisted in the delivery of multi-state peer exchanges, organizing logistics, and creating engaging content to maximize learning outcomes. Our efforts supported FHWA's goal of developing a competent and diverse workforce to meet the future needs of highway construction, aligning with the Department's focus on workforce development and the promotion of equal employment opportunities within the construction industry.

SERVICES PROVIDED (SCOPE OF SERVICES)

- Delivered comprehensive administrative management and coordination for On-The-Job Training (OJT) Peer Exchanges, including kick-off meetings and monthly progress reporting.
- Developed and ensured Section 508 compliance for all marketing and communication materials, tailoring content to maximize participant engagement and learning outcomes.
