

Smoke detector LH-94(II)**Features:**

- Smoke Detector
- ceiling-mounted
- commercial
- white

Technical Data

Design	Unique design with dustproof
Working voltage	DC9V-35V, standby current: 12mA (relay normally closed) 500uA (relay normally open);
Installation	Easy to install with a special base.
Alarm current	10mA (relay normally closed) 18mA (relay normally open);
Sensor	Infrared photoelectric sensor;
Working temperature	10°C-+50°C, : -ambient temperature: maximum 95%RH (no condensation);
Anti-RF interference	10MHz-1GHz 20V/m.
Operating Temperature	-10°C~+50°C
Mounting Type	Ceiling Mounted
Alarm Density	Adjustable Buzzer SPL
Operating Humidity	≤95% RH
Dimension(mm)	φ112 * 40mm
