

# Beyond Addiction

## Annual Report – 2025

Dated: January 10, 2026

---

### Message from the CEO

As we reflect on 2025, I am filled with gratitude and pride for the extraordinary work accomplished by the team at Beyond Addiction. This year marked significant growth, deepened community partnerships, and measurable impact in the lives of women seeking recovery.

In 2025, we served 204 women, each with a unique story, strength, and path toward healing. Our mission remains unwavering: to provide trauma-informed, evidence-based, and compassionate care tailored specifically to women affected by substance use disorders.

As CEO, I remain inspired daily by the resilience of the women we serve and the dedication of our staff. Together, we are not only treating addiction—we are restoring families, rebuilding futures, and creating generational change.

Dr. Sara Swepston  
Chief Executive Officer

### Performance Highlights – 2025

- 204 women served in 2025
- Comprehensive residential treatment and recovery support services
- Integrated discharge planning with community provider linkage prior to completion
- Expanded trauma-informed and gender-responsive programming
- Strengthened partnerships with medical and MAT providers

### Demographic Overview

- 64% White women
- 20% Hispanic women
- 16% Black women

## **Business Profile**

Beyond Addiction is a women-centered substance use disorder treatment organization serving adult women, including pregnant women and women involved with child welfare systems.

- Residential substance use disorder treatment
- Case management and care coordination
- Medication-Assisted Treatment (MAT) referral support
- Parenting and family reunification support
- Life skills development and vocational linkage
- Discharge planning and aftercare coordination

## **Outlook for the Future – 2026 and Beyond**

Beyond Addiction is positioned for continued growth and innovation. Strategic priorities include expanding licensed women's recovery housing, increasing transportation and workforce development supports, strengthening partnerships with MAT providers and medical systems, and continuing to enhance culturally competent programming.

Our long-term vision is to be a regional leader in women-centered addiction treatment, known for excellence in clinical outcomes, innovation in wraparound services, and advocacy for women and families affected by substance use disorders.
