info@showerpanliners.com

The 2025 Price List will feature updated pricing for all products. During the first quarter of 2025, we are offering instant rebates on most products. Dealer costs will reflect the instant rebate pricing. Additionally, the Internet Minimum Price and UMRP will also be based on the instant rebate prices through the end of March 2025.

For Shower Pans, we are committed to maintaining stock for items marked as "in stock" in our inventory. However, there may be occasions when a specific product is unavailable. Please email us to confirm the availability of such items. Beige and moka finishes are not stocked regularly and must be special-ordered through dealers. As customer demand for these finishes increases, we will review the most popular sizes to consider adding them to our stock inventory.

Our catalog features the Kalos, Neo, and Hermes collections, which are typically not kept in stock. These collections are marketed online as backorder products to gauge customer interest and determine if we should import them in the future. Meanwhile, the Zero Plus, Baltimore, and Hermes collections are exclusively available on the ShowerPanLiners website as closeout items with limited stock.

We remain dedicated to supporting our dealer network with the following collections: Marco, Premium, and Nature.

Price List Term Glossary:
