DIMENSIONS

- LOA/LWL 17' 8"
- Beam 8'
- Max Draft 2'
- Bridge clearance 7'

WEIGHTS

- Weight 1700 lb
- Displacement

DESCRIPTION

This is a popular brand of fishing and cruising boat made in the United States, and the top-selling brand of outboard-powered fiberglass boats in North America that are 24 feet and under. They are known for being the most durable, versatile, and economical boats on the planet. From fit to finish, it provides the most features and the best functionality available on the market – giving you the best value in both performance and comfort.

DURABILITY

Integrated fiberglass stringer system produces a solid, durable, non-flexing hull that is completely wood free. Construction is box beam and is 100% composite materials, creating a solid, non-flexing hull.

FLOTATION

Foam flotation exceeds Coast Guard requirements, providing positive flotation for shallow draft and quick-planing characteristics.

CERTIFICATION

All Carolina Skiffs are built adhering to the safety and quality standards for boat design, construction and maintenance provided by the (ABYC) American Boat and Yacht Council and the United States Coast Guard (USCG). Teamwork with Precision Marine Consulting (PMC) ensures that all boats are ABYC and USCG complaint.

BALANCE

With the proper weight balance, Carolina Skiff boat hulls may self-bail.

CONDITION

Hull, deck and Bimini top and upholstery are in good condition. Tires and bunks are in fair condition. Boat has only been in saltwater twice.
