

Marga Guru Niwas

# Madhu Karnika

Anandanagar

Baba Quarter Renovation  
Project

# Phase 1

## Garden Leveling

### Garden Leveling

The Madhu Karnika renovation project started with leveling the garden of the premises. The uneven part of the garden is filled with soil and planned for better utilization.

The Garden area is filled with 2,420 trolleys of soil. A JCB machine used for 65 days.

# Phase 2

## Boundary Wall

### Boundary wall restoration

The new river side boundary wall construction is completed by approximately 30% , (541 feet long {**East to West & South to North**} , 4.5 feet wide & 12 feet high). For the durability and strength of the boundary, The wall is made from bolder, stone, bricks and cement.

**A new area for meditation is under construction near the riverside. Tantrapith is in the restoration process.**

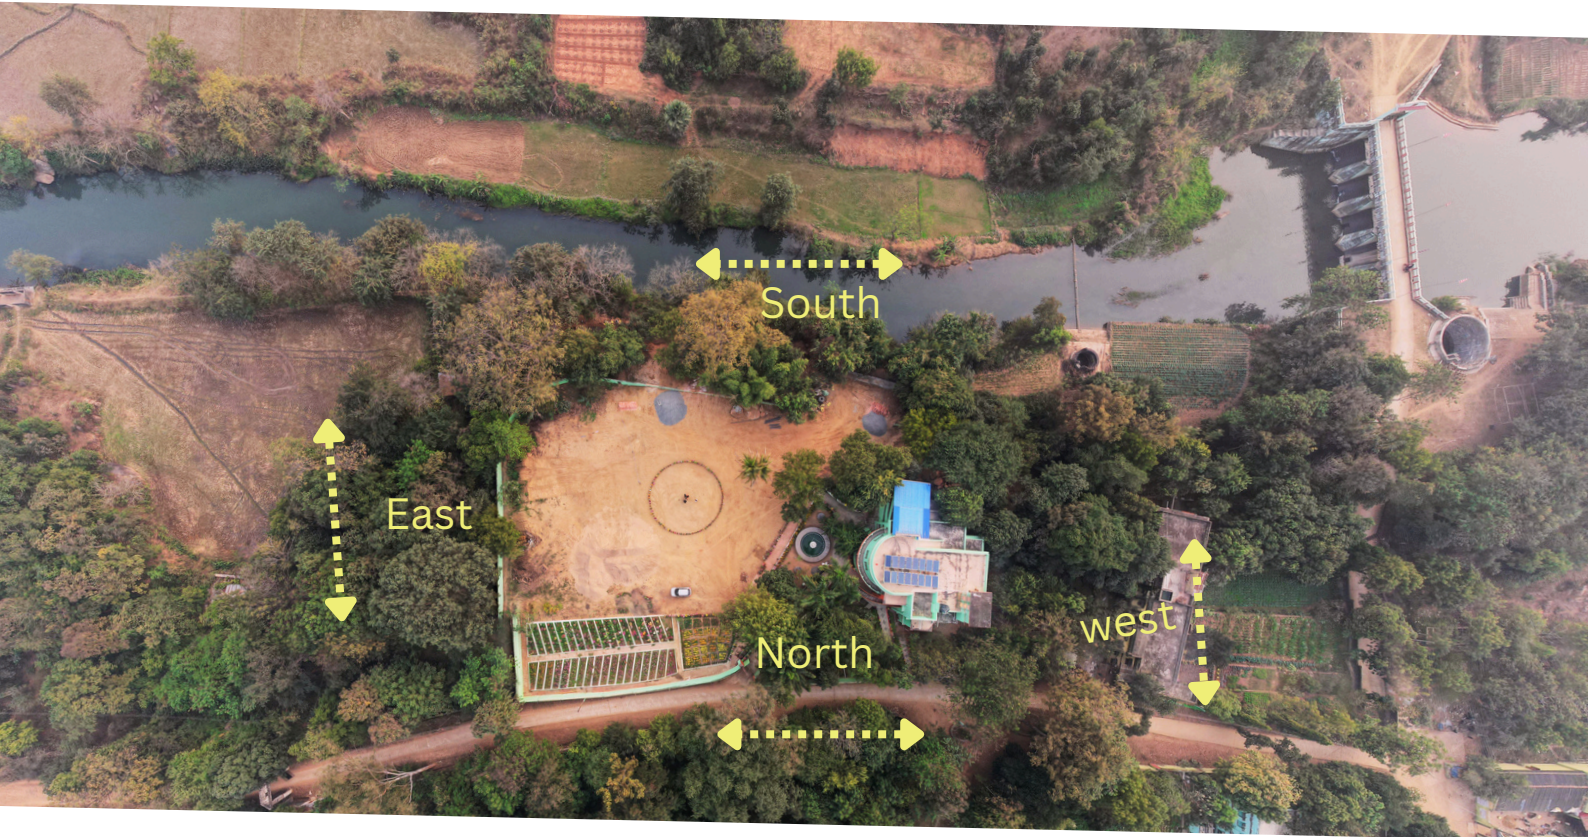

# Budget Plan

Madhu Karnika renovation

## Phase 3

In the final phase, we implement the landscape design on the ground. We will construct the foundation of the garden and prepare it for plantation. plantation will held as given in the guidelines. The total area of land is 1.70 acres & 1.34 acre Area reconstruction required.

**A new meditation area, a pathway along flower gardens, fountains, Lighting etc. will be developed.**

The Building received the touch of Baba's lotus feet on 31st Dec.1966.

Benefit from this work:- After completing the project, the holy premise is capable of more than 600 margii meditating at the same time. we can also meditate on the Tantrapiitha where Baba used to meditate.

Till now we have spent 30.50 Lacks we are seeking more support and resources to make marga guru niwas(ananda nagar) a better place to experience the bliss of Baba.
