# Hi, I'm Megha Satish

## CREATIVE DIRECTOR . CONCEPTUALIZER

Multidisciplinary creative designer and strategist with 10+ years of experience in brand design, customer experience, and community building. Skilled at turning insights into impactful brand stories and seeking opportunities to drive meaningful impact through design-led thinking, systems strategy, and cross-functional collaboration.

## Experience

### **Industrial Designer** (2017 - 2019) Dezigntechnic, Dubai

- Designed signage systems for 20+ luxury hotels, retail spaces, and hospitals, ensuring alignment with architectural and interior design vision.
- Collaborated across disciplines with architects, engineers, and manufacturers from concept through technical detailing and execution.
- Reduced production costs by up to 15% by optimizing materials, processes, and design feasibility without compromising quality.

### **Associate Industrial Designer** (2016 - 2017) Intellectual Micro Solutions, Bangalore

- Led R&D and co-developed industrial product concepts, using rapid prototyping and innovation to enhance functionality and user experience.

### **Product Designer** (2014 - 2017) Torrecid, Dubai

- Designed luxury ceramic and porcelain tiles for brands like RAK Ceramics, using materials like gold and luster, while working hands-on in factories to prototype, test, and refine designs based on material and heat variabilities.

### **Sales Intern** (2013) CEM Business Solutions, Dubai

- Supported market research and customer profiling for Microsoft 365, contributing to sales strategies that enhanced client engagement and satisfaction in the software solutions sector.
