WE DELIVER NOT JUST A PRODUCT BUT EXPERTISE

Apsara Paper Co & Trade is a Cambodia - Based company specializing in the trading of quality paper products and providing comprehensive paper solutions to business across the region.

Founded with a commitment to excellence, we serve as a bridge between leading paper manufacturers and end-users, delivering not just a products, but expertise.

Our team brings deep industry knowledge across paper making, printing, lamination, conversion and coating - enabling us to offer tailored sourcing and technical guidance that helps our clients achieve the best results for their products.

VISION

To be region's most trusted partner in paper solutions, connecting businesses with the right materials, technology, and expertise for a smarter, more sustainable paper industry.

MISSION

To deliver reliable sourcing, precise technical guidance, and cutting edge industry knowledge in paper making, printing, lamination, conversion, and coating - empowering clients to achieve the best outcomes.

OUR SERVICES

Paper Product Sourcing

Sourcing and supply of quality paper products including packaging boards, printing & writing paper, industrial paper, and specialty coated paper

Technical Consultancy

Expert guidance on paper specification selection, material sustainability, and technical requirements tailored to each client's end-product needs

Printing & Lamination Solutions

Advisory on printing paper selection, lamination types, and coating solutions to enhance product quality, durability, and appearance.

Technology & Innovation Advisory

Sharing the latest industry developments in paper making, conversion, and coating technologies to keep our clients ahead of the curve

WHY CHOOSE APSARA

- Deep expertise across the full paper value chain - from raw material sourcing to finished products
- Strong international and regional supplier network ensuring quality, reliability, and competitive pricing
- Personalized technical support - we understand your product, not just the paper
- Committed to sustainable and responsible sourcing practices
- Flexible and responsive - built for businesses of all sizes
