Who Are We

- Independent UK-based sales and distribution company
- Representing a curated portfolio of international lighting manufacturers
- Specialising in architectural, decorative, and outdoor lighting products
- Founded to bring high-quality, design-led lighting to the UK market
- Transparent, responsive communication at every stage
- Passionate about good design and technical excellence
- A go-to resource for considered lighting specification and supply

What Sets Us Apart

- **Design Focused** – We know your workflow, challenges and high standards
- **Carefully selected brands** – We only represent manufacturers whose design, quality, and reliability meet our own expectation
- **Specification support** – Samples, photometry, datasheets, mock ups – we're here to help your concept because reality.
- **Communication First** – No Chasing, no black holes. We pride ourselves on responsiveness and clarity
- **Long-term Thinking** – We value relationships over transactions and aim to grow with our clients.

Our Exterior Brand Partners

Ambientec

Portable, IP-rated table lights crafted in Japan. Blending precision engineering with sculptural, ambient design.

Bover

Mediterranean lighting for both interior and exterior use. Elegant forms are designed to withstand the elements.

DGA

Miniature architectural lighting with advanced optics. Discreet, high-performance solutions for detailed exterior applications.

Our Exterior Brand Partners

O/M

Architectural lighting systems with clean, modern lines. Built for versatility in both indoor and outdoor spaces.

Organic Lighting

Linear lighting for infrastructure and public realm — scalable, weatherproof, and specification-ready

Platek

Architectural outdoor lighting designed and made in Italy. Engineered for durability, performance, and visual impact.

O/M

Innovators in lighting since
1959

Made in Porto, Portugal

Lead time 4-6 weeks

High quality optics

Very low glare

Both interior and exterior
applications

Tua Bollard

No Glare

Great light and projection uniformity, without glare. Asymmetrical light distribution, guaranteeing 15 lux in an area of 4x8m (transverse version) and 15lx in an area of 8x2m (longitudinal version).

The secret

Tua's effectiveness is in the design of its optical system, allowing for vast light projection and uniformity, without glare. The simplicity of its form provides smooth integration in architectural features.

Tua Longitudinal effect with acrylic lenses (900mm height)

Illuminated area: 8x2m / Emed: 15lx in compliance with Class P1
Standard EN-1321:2015

Tua Transverse with reflector optic (900mm height)

Illuminated area: 4x8m / Emed: 15lx in compliance with Class P1

9010

Handcrafted ceramic
lighting since 1968

Made in Veneto, Italy

Beautiful decorative
lighting for interior and
exterior

Materials

BETALY

Made from a selection of cements, fine marbles, quartz and river sands to create a durable and environmentally friendly material.

Suitable for outdoor environments and naturally frost resistant.

CRISTALY

A non toxic, non-flammable plaster material.

Also has powerful antibacterial properties, which also repels dust.

Easy to paint to any finish via water based paints.

CERAMICA 9010

Made from mineral clays.

Skilled workers shape the ceramic by hand without distorting the final product.

High UV and thermal resistance.
