Seeds & Grains

About Us:

“AL-SHROUQ EXPORT COMPANY”

An Egyptian company that exports wide range of agricultural products, such as: Herbs, Spices, Seeds and Grains.

OUR PRODUCTION SYSTEM:

Our products are supervised in All Production stages, we take care of all producing processes details, specially those small details that make our product different and gives our customers satisfying of the product and its quality.

FARMS

We contracted with most trusted farms to supply required materials. We keep supervising material with laboratory tests (pesticides, rot, insect infection...etc.) in order to make sure that it conforms to specifications, and high quality grade .

- **Picking:** We pick raw material (Flowers, Leaves, Seeds ...etc) from farms manually.
- **Drying:** Our products get dried under optimal drying conditions: Sun-Dried, and Shade-Dried, drying stores are totally clean, sunny and protected with fly mesh.
- **Cleaning:** All of our products are well cleaned from all impurities, and the cleaning process is supervised by very long experience workers.
- **Packing:** We package our products in any form and material wanted as customer requires
- **Storing:** All of our stores are built according to standards of ministry of agriculture (Flooring Material, Suction fans, Ventilation windows, Fly mesh, Cooling & Hating

PRODUCT PROCESSING

SHIPPING

- Paying methods: L.C \ C.A.D
- Shipping-Delivery: For more details kindly visit our website: www.al-shrouq.com
- Contracts: For long-term business, we always prefer writing contracts.

Why Choose Our Products?

01

STANDARDS

All of our products are 100% nature, organic, free of moulds, bad smell, and insecticide. Cleaned from all impurities such as leaves, straws...etc, and all possible contaminant source such as insects, or infection caused by rodents. All of our products are stored in clean, cool, and dry place. (10-35° C) & 55% Max Humidity

02

QUALITY

We control all producing processes:

Growth → Harvesting →
Curing (Drying) → Cleaning →
Cutting → Packing → Storing →
Exporting.

03

SUSTAINABILITY

As we are supplier of raw material, we are considered one of the most important parts in supply chain, therefore, compliance with sustainable development has become one of our top priorities and responsibilities. For more information about our vision and strategy, kindly visit our website: www.al-shrouq.com/sustainability

04

FLEXIBILITY

- All packaging material are available as required: LDPE, paper bags, cardboard box .. etc (100% Recyclable).
- All shipping methods are available (Air & Sea freight)
- All containers are available: (20FT & 40FT), (FCL & LCL)

05
