

Sign Language Bingo – Game Rules

Objective:

Be the first player to get **4 in a row** (across, down, or diagonally).

What You Need:

- Bingo cards with words
- Chips to cover spaces
- A caller with a set of words to draw

How to Play:

1. Choose one person to be the caller.
2. The caller draws a word and signs it instead of saying it aloud.
3. Players watch the sign carefully and try to recognize it.
4. If the word is on their card, players cover that space.
5. The first player to get **4 in a row** shouts “Bingo!” and wins.

Tip:

Play multiple rounds so everyone gets extra practice with the signs!
