

CERTIFICATION NOTICE

At MJM Team, we believe in structured, continuous learning with **clear progress milestones**. Our music program is designed in progressive levels, allowing students to build their skills step by step while staying motivated and **goal-oriented**.

Students are guided through **structured learning levels**, each focused on **specific skills** of musical development. At the end of every level, a **simple assessment** is conducted to evaluate understanding, skill, and consistency.

Upon successful completion of each level, students are awarded a **Progress Certificate** that reflects their current achievement. They then advance to the **next stage** of their musical journey, ensuring **continuous growth** and meaningful progress.
