Thank you for your consideration in assisting The Run for Little Ones Club with their fundraising initiative and event in support of the NICU unit at the Alberta Children's Hospital Foundation on September 6th, 2025.

Past Chair

There are over 102,000 children and families who come through the doors of the Alberta Children's Hospital every year and each one has a unique story. Even in the face of illness or injury, thanks to the generosity of individuals and organizations in our community, more and more of these children have real hope for health and happiness.

We look forward to what we can accomplish as we work together to build healthier futures for children and shape the next chapter of child health. Thank you for embracing the power to hope, help and heal. Together we can do all three.
